HIGHWAYS

Current law specifies that southeast Wisconsin freeway megaprojects are highway projects on southeast Wisconsin freeways that have a total cost of more than \$500,000,000, as adjusted annually for inflation by DOT. DOT may not provide funding for construction of these projects without legislative approval and the legislature has approved only the I 94 north-south corridor project and the Zoo interchange project. This bill authorizes DOT to provide funding for construction of the I 94 east-west project.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
