P. 2

Analysis by the Legislative Reference Bureau

Subject to a number of limitations, current law requires a city, village, or town (municipality) that pays health insurance premiums for its employees who are fire fighters to pay such premiums for the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty. This general current law requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a dependent child who reaches the age of 18 and is not a full-time high school student. Current law does require premium payments to be made for a

SENATE BILL 203

MES/RAC/JK:jld:jm

to the new requirements for law enforcement and surviving spouses and certain children, and not reached age 26. to pay such premiums EMT personnel, and children who have

dependent child who is a full-time or part-time student in an accredited college or university until the close of the calendar year in which the individual reaches the age of 26. This bill does not require such premium payments to be made after such an individual reaches the age of 26.

The bill requires a municipality or county (political subdivision) that pays health insurance premiums for its employees who are law enforcement officers or emergency medical technicians (EMTs) to pay such premiums for the surviving spouse and dependent children of a law enforcement officer or EMT who dies, or has died, in the line of duty. In addition, the bill requires the state to reimburse political subdivisions for premiums paid to cover the surviving spouses and dependents of fallen fire fighters, law enforcement officers, and EMTs that were paid by the political subdivisions and that were not otherwise required to be paid under an employment-related benefit provided to the fire fighter, law enforcement officer, or EMT. The bill establishes a process whereby political subdivisions may seek reimbursement of the payment of premiums from the Department of Administration (DOA). The state is to pay these health insurance premiums only after any sick leave credits that may be used for the purchase of health insurance have been exhausted.

The bill further requires DOA to establish a loan program for surviving spouses of law enforcement officers and fire fighters who have died in the line of duty. The loan program must provide for the payment of a loan to a surviving spouse in an amount equal to the salary that would have been paid his or her deceased spouse had he or she not died in the line of duty. The loan must be disbursed to coincide with the pay period that applied to the deceased spouse, must be secured by the proceeds of any life insurance policy that covered the deceased spouse, and must come due when a surviving spouse receives the proceeds from the life insurance policy that covered his or her deceased spouse. No loan may be made for any period after the proceeds of a life insurance policy have been disbursed to the surviving spouse. To qualify for a loan, a surviving spouse must apply for the loan on a form prepared by DOA; provide all documentation required by DOA to verify that his or her spouse died in the line of duty; provide all documentation required by DOA to verify the salary of the deceased spouse; and enter into an agreement with DOA that any loan must be secured by the proceeds of a life insurance policy that covered his or her deceased spouse.

Under the bill, the amounts that DOA disburses for premiums, reimbursements, and loans for surviving spouses of law enforcement officers, EMTs, and fire fighters employed by a political subdivision are paid from the county and municipal aid account (shared revenue), and the total amount of shared revenue payments is decreased by the amounts disbursed by DOA.

The bill first applies, retroactively, to a law enforcement officer, EMT, or fire fighter who has died in the line of duty before the effective date of the bill, but only with respect to the payment of health insurance premiums that come due on or after the effective date of this bill.

9 has died, in the line of duty and making appropriations.

Analysis by the Legislative Reference Bureau

The bill requires a municipality or county (political subdivision) that pays health insurance premiums for its employees who are law enforcement officers or emergency medical technicians (EMTs) to pay such premiums for the surviving spouse and certain children of a law enforcement officer or EMT who dies, or has died, in the line of duty.

Subject to a number of limitations, current law requires a city, village, or town (municipality) that pays health insurance premiums for its employees who are fire

fighters to pay such premiums for the surviving spouse and dependent children of a fire fighter who dies, or has died, in the line of duty. This general current law requirement does not apply to a surviving spouse who remarries or reaches the age of 65, or to a dependent child who reaches the age of 18 and is not a full-time high school student. Current law does require premium payments to be made for a dependent child who is a full-time or part-time student in an accredited college or university until the close of the calendar year in which the individual reaches the age of 26. This bill does not require such premium payments to be made after such an individual reaches the age of 26.

In addition to the new requirements to pay such premiums for law enforcement officers and EMT personnel, and surviving spouses and certain children who have not reached the age of 26, the bill requires the state to reimburse political subdivisions for premiums paid to cover the surviving spouses and children, until they reach the age of 26 or have insurance through their employer, of fallen fire fighters, law enforcement officers, and EMTs that were paid by the political subdivisions and that were not otherwise required to be paid under an employment-related benefit provided to the fire fighter, law enforcement officer, or EMT. The bill establishes a process whereby political subdivisions may seek reimbursement of the payment of premiums from the Department of Administration (DOA). The state is to pay these health insurance premiums only after any sick leave credits that may be used for the purchase of health insurance have been exhausted.

The bill further requires DOA to establish a loan program for surviving spouses of law enforcement officers and fire fighters who have died in the line of duty. The loan program must provide for the payment of a loan to a surviving spouse in an amount equal to the salary that would have been paid his or her deceased spouse had he or she not died in the line of duty. The loan must be disbursed to coincide with the pay period that applied to the deceased spouse, must be secured by the proceeds of any life insurance policy that covered the deceased spouse, and must come due when a surviving spouse receives the proceeds from the life insurance policy that covered his or her deceased spouse. No loan may be made for any period after the proceeds of a life insurance policy have been disbursed to the surviving spouse. To qualify for a loan, a surviving spouse must apply for the loan on a form prepared by DOA; provide all documentation required by DOA to verify that his or her spouse died in the line of duty; provide all documentation required by DOA to verify the salary of the deceased spouse; and enter into an agreement with DOA that any loan must be secured by the proceeds of a life insurance policy that covered his or her deceased spouse.

Under the bill, the amounts that DOA disburses for premiums, reimbursements, and loans for surviving spouses of law enforcement officers, EMTs, and fire fighters employed by a political subdivision are paid from the county and municipal aid account (shared revenue), and the total amount of shared revenue payments is decreased by the amounts disbursed by DOA.

The bill first applies, retroactively, to a law enforcement officer, EMT, or fire fighter who has died in the line of duty before the effective date of the bill, but only

with respect to the payment of health insurance premiums that come due on or after the effective date of this bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
