Danielle,

Because this will require undoing everything in the bill, the amendment will a bit lengthy. Let me know if you want a substitute amendment instead. Either way is fine, just thought I'd ask.

Subject: Amendment to SB 196

Hi Michael,

We are looking to have an amendment drafted to SB 196 (the Interstate Medical Licensure Compact) including the following provisions:

- Sunset the program every four years – require membership in the Compact to go before the legislature every four years
- Annual JFC report to include rules promulgated that fiscal year by the Interstate Medical Licensure Compact Commission
- Senate confirmation by simple majority of appointees to the Commission

Please let me know if you have any questions!

Thanks,

As we discussed, this would repeal the compact provisions and reverse all associated changes made in the bill, effective ⁴ years after the bill's effective date. According to the compact, withdrawal from the compact would then occur one year after the date of the repeal. Any subsequent enactment of the legislature could, of course, cancel that scheduled repeal before it ever occurred or change the date of the scheduled repeal.

Also, regarding the report, note that under the bill, the report is due every January 1 and is not tied to a fiscal year. So I just required it to include copies of all rules promulgated or changes made since the last report. Will that work? Another approach would be to instead (or in addition) require copies of all rules then in effect.
