7 and 71.10 (4) (cs) of the statutes; **relating to:** academic excellence higher
8 education scholarships and creating an individual income tax credit for certain
9 academic scholarship recipients.

Analysis by the Legislative Reference Bureau

This substitute amendment establishes minimum eligibility criteria for, and changes the amount of, academic excellence scholarships awarded to high school seniors by the Higher Educational Aids Board and also changes part of the process for awarding these scholarships. The substitute amendment also creates a nonrefundable individual income tax credit for certain scholarship recipients.

Under current law, HEAB administers the Academic Excellence Higher Education Scholarship Program under which HEAB awards scholarships to certain scholars, designated on the basis of grade point average, who enroll, on a full-time basis, in a public or private institution of higher education in this state. Under the program, a scholarship recipient is exempt from up to \$2,250 in tuition and fees for each academic year that the recipient is enrolled full time, maintains at least a 3.000 GPA, and makes satisfactory progress toward an associate or a bachelor's degree or a vocational diploma.

Currently, the scholarships may be awarded to seniors with the highest GPAs in each high school having at least 80 pupils. The number of scholarships available for each high school is scaled based on the enrollment of the high school, with one scholarship available for the senior with the highest GPA in a high school having 80 pupils and six scholarships available for the six seniors with the six highest GPAs in a high school having 2,500 or more pupils. For high schools having fewer than 80 pupils, there are ten additional scholarships available statewide for seniors with the highest GPAs.

This substitute amendment changes the amount of a scholarship for a scholarship recipient attending a public institution of higher education to 50 percent of the tuition and fees at that institution and changes the amount of a scholarship for a scholarship recipient attending a private institution of higher education to 50 percent of the tuition and fees charged a resident undergraduate student at the University of Wisconsin–Madison. As under current law, the amount of the scholarship is paid in equal parts by HEAB and by the institution, which must match HEAB's payment as a condition of participating in the scholarship program. The substitute amendment eliminates a provision restricting participation in the program to institutions that provided HEAB notice of their wish to participate by October 1, 1998.

The substitute amendment also requires a student to have a GPA of at least 3.5 and a score of at least 28 on the American College Test in order to qualify for a scholarship. The substitute amendment also makes changes to the process and procedure under which some scholarships are awarded. Among these changes, for a high school having at least 80 pupils, the scholarship recipient is designated by HEAB, rather than the school district of the public high school or governing body of the private or tribal high school in which the student is enrolled, based on a ranking of students provided by the school district or governing body to HEAB. In addition, if a scholarship that is authorized for a high school having at least 80 pupils is not awarded because the high school has an insufficient number of seniors who meet eligibility criteria, the scholarship is instead awarded by HEAB to a senior in another, similarly sized high school who meets eligibility criteria and has the highest ACT score.

The substitute amendment also creates a nonrefundable individual income tax credit for a scholarship recipient who graduates from an institution within the University of Wisconsin System, a technical college district school, or a private institution of higher education with a bachelor's degree, an associate degree, or vocational diploma and who resides in this state.

The amount for which an individual may claim a credit, which is defined as an “eligible amount,” is an amount equal to 50 percent of all tuition and fees charged one full-time student by the institution or school attended by the scholarship recipient for the years in which the scholarship recipient received an academic excellence higher education scholarship or, in the case of a scholarship recipient who attended a private institution of higher education, an amount equal to 50 percent of the tuition and fees charged one full-time resident undergraduate student at the University of Wisconsin–Madison for the years in which the scholarship recipient received an academic excellence higher education scholarship.

In general, the credit may be claimed only for the seven taxable years following the claimant’s graduation, and the claimant may claim only one-seventh of the eligible amount each year. An individual may delay the time when he or she is otherwise required to claim the credit if, immediately after graduation, the individual pursues an advanced degree. To claim the credit, a claimant must be a full-year resident of this state for the year to which the claim relates.

Because the credit is nonrefundable, no refund is paid if the amount of credit for which a claimant is eligible exceeds his or her tax liability.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

21 **SECTION 8.** 39.41 (1m) (d) of the statutes is repealed and recreated to read:

22 39.41 (1m) (d) 1. By February 25 of each school year, the school board of each
23 school district operating one or more high schools and the governing body of each
24 private high school and of each tribal high school shall identify, for each high school
25 with an enrollment of at least 80 pupils, each senior who has a grade point average

1 in all subjects of at least 3.500 or the equivalent and who has a score of at least 28
2 on the American college test. The school board or governing body shall create a list
3 of all such seniors for each high school, ranking them, from highest to lowest, in order
4 of grade point average but, in instances where 2 or more seniors have the same grade
5 point average, ordering these seniors with the same grade point average according
6 to their score on the American college test. In instances where 2 or more seniors have
7 the same grade point average and the same score on the American college test, the
8 faculty of the high school shall determine the relative ranking of these seniors and
9 certify the order of ranking of these seniors to the school board or governing body.
10 This list of rankings shall identify, on the list, each senior's grade point average and
11 American college test score. The school board or governing body shall provide this
12 list of rankings to the executive secretary by February 25 of each school year.

13 2. From each high school for which the executive secretary receives a list of
14 rankings under subd. 1., the executive secretary shall designate scholars under par.
15 (a) according to the order of ranking of seniors on this list of rankings. After the
16 applicable number of seniors to be designated as scholars under par. (a) have
17 accepted the designation as a scholar as provided in subd. 3., the remaining seniors
18 on this list of rankings shall be considered alternates and the executive secretary
19 shall proceed as provided in par. (k) 2.

20 3. Upon receiving notice of his or her designation as a scholar under par. (a),
21 a senior shall give notice to the executive secretary that the senior accepts or declines
22 the designation or shall request an extension of time to accept or decline the
23 designation, which extension may be granted only in writing, upon a showing of good
24 cause, and may not exceed 30 days. The senior shall give this notice accepting or
25 declining the designation, or requesting an extension, in writing and within 10 days

1 of the date of the executive secretary’s notice of designation, or by May 1 of the school
2 year in which the senior receives notice of the designation, whichever is later. If the
3 senior requests an extension of time to accept or decline the designation and the
4 request is granted, the senior shall give notice in writing that he or she accepts or
5 declines the designation by the end of the extension period. If a senior does not give
6 timely notice under this subdivision, the designation is revoked and the executive
7 secretary shall designate as a scholar the next senior on the list of rankings under
8 subd. 1. The executive secretary shall repeat this process as necessary until the
9 executive secretary receives timely acceptance of the designation. The executive
10 secretary shall follow this procedure until the executive secretary has designated
11 scholars for the applicable number of seniors to be designated under par. (a) or until
12 the executive secretary has exhausted the list of rankings of seniors. A senior
13 designated as a scholar under par. (a) is not considered to be a designated scholar for
14 purposes of sub. (2) (a) or (3) (a) unless the senior has accepted the designation as
15 provided in this subdivision.

16 4. For each high school, if the number of eligible seniors on the list of rankings
17 under subd. 1. who accept designation as a scholar is less than the applicable number
18 of seniors to be designated as scholars under par. (a), the executive secretary shall
19 determine the number of scholars the executive secretary was authorized to
20 designate under par. (a) but could not designate because of an insufficient number
21 of eligible seniors who accept the designation.

22 **SECTION 9.** 39.41 (1m) (e) of the statutes is amended to read:

23 39.41 (1m) (e) If 2 or more seniors from the same high school of ~~less~~ fewer than
24 80 pupils have the same grade point average and, except for the limitation of one
25 nominated senior and one alternate, are otherwise eligible for nomination under par.

1 (b), the faculty of the high school shall select the senior who may be nominated by
2 the school board of the school district operating the public high school or the
3 governing body of the private or tribal high school for designation under par. (b) as
4 a scholar by the executive secretary and shall also select an alternate nominee. If
5 that the nominated senior or the alternate is designated as a scholar by the executive
6 secretary, but does not qualify for a higher education scholarship under sub. (2) (a)
7 or (3) (a), the faculty of the high school shall select, in order of priority, one or more
8 of the remaining seniors with the same grade point average and with a score of at
9 least 28 on the American college test for certification as a scholar or, if there is no
10 remaining senior with the same grade point average and with a score of at least 28
11 on the American college test, one or more of the remaining seniors with the next
12 highest grade point average, but not less than ~~3.800~~ 3.500 or the equivalent, and with
13 a score of at least 28 on the American college test for certification as a scholar, and
14 the school board of the school district operating the high school or the governing body
15 of the private or tribal high school shall certify to the board one or more of these
16 seniors as eligible for a higher education scholarship as a scholar under sub. (2) (a)
17 or (3) (a) until the scholarship may be awarded by the board.

18 **SECTION 10.** 39.41 (1m) (g) of the statutes is renumbered 39.41 (1m) (g) 1. and
19 amended to read:

20 39.41 (1m) (g) 1. Notwithstanding par. (a) and except as provided in subd. 2.,
21 if a high school of at least 80 pupils closes or merges in the 1991–92 school year or
22 in any school year thereafter, the school board of the school district operating the
23 high school or the governing body of the private or tribal high school shall, subject
24 to par. (d), for each of the 2 school years following the closure or merger, designate
25 the same number of scholars from among the pupils enrolled in the high school at the

1 time of closure or merger as the number of scholars designated for that high school
2 in the school year the high school closed or merged. Any seniors designated under
3 this paragraph shall be eligible for an original scholarship under this section.

4 **SECTION 11.** 39.41 (1m) (g) 2. of the statutes is created to read:

5 39.41 (1m) (g) 2. Any designation under subd. 1. after the 2015–16 school year
6 shall be made by the executive director.

7 **SECTION 12.** 39.41 (1m) (h) of the statutes is repealed.

8 **SECTION 13.** 39.41 (1m) (i) of the statutes is repealed.

9 **SECTION 14.** 39.41 (1m) (j) of the statutes is amended to read:

10 39.41 (1m) (j) ~~In the event that~~ If 2 or more seniors from the same high school
11 of at least 80 pupils have the same grade point average and score on the American
12 college test and are otherwise eligible for designation under par. (a), the school board
13 of the school district operating the high school or the governing body of the private
14 or tribal high school shall ~~make the designation of~~ rank the seniors as determined
15 and certified by the faculty of the high school for purposes of under par. (d) ~~or (i)~~.

16 **SECTION 15.** 39.41 (1m) (k) of the statutes is created to read:

17 39.41 (1m) (k) 1. Based on the numbers determined by the executive secretary
18 under par. (d) 4., the executive secretary shall calculate the total number of scholars
19 authorized to be designated under par. (a) but that could not be designated because
20 of an insufficient number of eligible seniors who accept the designation, for all of the
21 following:

22 a. High schools with an enrollment of at least 80 pupils but fewer than 500
23 pupils.

24 b. High schools with an enrollment of at least 500 pupils but fewer than 1,000
25 pupils.

1 c. High schools with an enrollment of at least 1,000 pupils but fewer than 1,500
2 pupils.

3 d. High schools with an enrollment of at least 1,500 pupils but fewer than 2,000
4 pupils.

5 e. High schools with an enrollment of at least 2,000 pupils but fewer than 2,500
6 pupils.

7 f. High schools with an enrollment of 2,500 or more pupils.

8 2. After alternates on the list of rankings under par. (d) 1. are determined as
9 provided in par. (d) 2., the executive secretary shall create a new list of rankings of
10 alternates as provided in this subdivision. The executive secretary shall separate the
11 lists of rankings received by the executive secretary under par. (d) 1. into 6 groups
12 to correspond with the 6 groupings of high schools by size of enrollment under subd.
13 1. and shall include on these lists only seniors the executive secretary has
14 determined to be alternates. Within each of these groups, the executive secretary
15 shall consolidate the lists of rankings of alternates and reorder the rankings, from
16 highest to lowest, according to the seniors' American college test scores. The
17 executive secretary shall designate seniors as scholars under par. (c) 3m. based on
18 the order of ranking, within each group, of seniors by American college test score.
19 If 2 or more seniors have the same American college test score and the number of
20 scholars authorized for designation under par. (c) 3m. is less than the number of
21 seniors with the same American college test score, the executive secretary shall
22 determine by lottery which senior or seniors, among those with the same American
23 college test scores, are designated as scholars under par. (c) 3m.

24 3. Upon receiving notice of his or her designation as a scholar under par. (c) 3m.,
25 a senior shall give notice to the executive secretary that the senior accepts or declines

1 the designation or shall request an extension of time to accept or decline the
2 designation, which extension may be granted only in writing, upon a showing of good
3 cause, and may not exceed 30 days. The senior shall give this notice accepting or
4 declining the designation, or requesting an extension, in writing and within 5 days
5 of the date of the executive secretary's notice of designation, or by May 1 of the school
6 year in which the senior receives notice of the designation, whichever is later. If the
7 senior requests an extension of time to accept or decline the designation and the
8 request is granted, the senior shall give notice in writing that he or she accepts or
9 declines the designation by the end of the extension period. If a senior does not give
10 timely notice under this subdivision, the designation is revoked and the executive
11 secretary shall designate as a scholar the next senior on the executive secretary's
12 applicable consolidated list of rankings under subd. 2. The executive secretary shall
13 repeat this process as necessary until the executive secretary receives timely
14 acceptance of the designation. The executive secretary shall follow this procedure
15 until the executive secretary has made all designations authorized under par. (c) 3m.
16 or until the executive secretary has exhausted the applicable consolidated list of
17 rankings under subd. 2. A senior designated as a scholar under par. (c) 3m. is not
18 considered to be a designated scholar for purposes of sub. (2) (a) or (3) (a) unless the
19 senior has accepted the designation as provided in this subdivision.

20 **SECTION 16.** 39.41 (1m) (m) of the statutes is amended to read:

21 39.41 (1m) (m) Notwithstanding pars. (a), (b) and (d), if a high school ranks its
22 seniors on the basis of grades in academic subjects, the school board of the school
23 district operating the high school or the governing body of the private or tribal high
24 school ~~or, for purposes of par. (d), the faculty of the high school~~ may request a waiver
25 from the executive secretary in order to fulfill its requirements under par. (a), (b) or

1 ~~(d), and the executive secretary may fulfill the requirements under par. (a), on the~~
2 basis of grade point averages in academic subjects.

3 **SECTION 17.** 39.41 (2) (a) of the statutes is amended to read:

4 39.41 (2) (a) If a designated scholar under sub. (1m) is admitted to and enrolls,
5 on a full-time basis, by September 30 of the academic year immediately following the
6 school year in which the senior was designated a scholar, in an institution within the
7 University of Wisconsin System or in a technical college district school that is
8 participating in the program under this section, the scholar shall receive a higher
9 education scholarship that exempts the scholar from 50 percent of all tuition and
10 fees, including segregated fees, at the institution or district school for one year,
11 ~~except that the maximum scholarship for a scholar who receives an original~~
12 ~~scholarship for the 1996–97 academic year or for any academic year thereafter may~~
13 ~~not exceed \$2,250 per academic year.~~

14 **SECTION 18.** 39.41 (2) (b) of the statutes is amended to read:

15 39.41 (2) (b) For each year that a scholar who receives a scholarship under par.
16 (a) is enrolled full time, maintains at least a 3.000 grade point average, or the
17 equivalent as determined by the institution or district school, and makes satisfactory
18 progress toward an associate degree, a bachelor's degree, or a vocational diploma, the
19 student scholar shall be exempt from 50 percent of all tuition and fees, including
20 segregated fees, in the subsequent year or, if the scholar does not enroll in a
21 participating institution of higher education in the subsequent year, in the 2nd year
22 following the year in which the scholar received the scholarship, ~~except that the~~
23 ~~maximum scholarship for a scholar who receives an original scholarship for the~~
24 ~~1996–97 academic year or for any academic year thereafter may not exceed \$2,250~~

1 per academic year. No scholar is eligible for an exemption for more than 4 years in
2 the University of Wisconsin System or more than 3 years at a district school.

5 exempt from tuition and fees under par. (a) or (b), the board shall pay the institution
6 or district school, on behalf of the ~~student~~ scholar, an amount equal to ~~50%~~ 25 percent
7 of the ~~student's~~ scholar's tuition and fees, ~~except that the maximum payment for a~~

14 higher education that is located in this state and participating in the program under
15 this section, the board shall pay the institution, on behalf of the ~~pupil~~ scholar, an
16 amount equal to ~~50%~~ 25 percent of the tuition and fees charged a resident
17 undergraduate at the University of Wisconsin–Madison in the same academic year,
18 ~~except that the maximum payment for a pupil who receives an original scholarship~~
19 ~~for the 1996–97 academic year or for any academic year thereafter may not exceed~~
20 ~~\$1,125 per academic year.~~

21 **SECTION 21.** 39.41 (3) (b) of the statutes is amended to read:

22 39.41 (3) (b) For each year that a scholar who receives a scholarship under par.
