Hi Mary,

If this request should go to someone else, please let me know. Sen. Miller would like 2 amendments drafted.

1. To Senate Bill 239 (I think they're adopting a new substitute amendment 2 on Monday so it would be to that) – he would like another sub that would replace that bill with his SB72.
2. To Senate Bill 239 – a study is authorized in this bill but no funding or staff are given. He would like to authorize both. Can it just be sum sufficient? We're open to your suggestions on the easiest way to accomplish this.

He would also like both of these amendments (the sub and the simple) drafted to AB874 as well. Let me know any questions.

Thanks,

Beth
