comprehensive planning and making an appropriation						

Assumptions Used in Arriving at Fiscal Estimate

The bill authorizes a local government to repeal its comprehensive plan and it eliminates a Department of Administration (DOA) grant program related to comprehensive planning.

This bill would have no fiscal impact on the Department of Natural Resources.

For local governments, the elimination of the DOA grant program may leave some comprehensive planning costs with local units of government if they opt to continue those efforts. Other fiscal impacts are indeterminate.
