2015 BILL

Companion - no changes

1 AN ACT to create 51.4223 of the statutes; relating to: reporting by treatment
2 programs using methadone and requiring review of prescription drug
3 monitoring database.

Analysis by the Legislative Reference Bureau

This bill requires treatment programs that treat addiction using methadone to report annually to the Department of Health Services (DHS) the information specified in the bill. The bill requires that the treatment program ensure that the information reported to DHS is provided in a manner that does not permit the identification of an individual who is receiving methadone treatment from the program. The bill also requires that before prescribing methadone, a physician or other health care provider authorized to prescribe methadone must review for treatment purposes an individual's records on the prescription drug monitoring database for other methadone or pain medication use.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 SECTION 1. 51.4223 of the statutes is created to read:

Parisi, Lori
