Description Changing the publication notice requirement for certain budget actions taken by local governments					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, a 10 day notice is required for changing the publication notice for certain budget actions taken by local governments.

The proposed bill changes the requirement from 10 days to 15 days for most local governmental units which make certain specified changes to their budgets. However, data is not available to estimate, under the provisions of this bill, the budget actions taken by the municipalities and the cost associated with extending notification; therefore, the local fiscal impact is indeterminable.

Long-Range Fiscal Implications
