DNR attorney Mike Kowalkowski has reviewed the substitute amendment and thinks that it is in tip-top shape.

I believe that Erin Ruby and I can arrange for an Assembly page to retrieve them from LRB, have the authors of the subs identified and returned to the Chief Clerks offices.

Ok – I will put everything together into 2 separate substitute amendments per bill. So this will include:

1. Substitute am. to AB 434 that eliminates back tag requirements + a1093 + additions to section 191m
2. Substitute am. to AB 434 that removes references to back tag elimination + a1093 + additions to section 191m
3. Substitute am. to SB 347 that eliminates back tag requirements + a1093 + additions to section 191m
4. Substitute am. to SB 347 that removes references to back tag elimination + a1093 + additions to section 191m

Sender Tiffany's office provided me an amendment the other day that addressed antique snowmobiles and sect of dates. I am thinking that a substitute amendment that addresses all of the issues that Senator Tiffany brought forth as well as The back tag issues we have brought forth could be placed in a substitute amendment so that there will be one clean vote by members of the committee that address is more than just back tags.

The way you describe these, Mike, makes it sound like you would like a simple amendment (like a1093). However, Tim, you mentioned substitute amendments in the email below. I will assume these should be simple amendments unless I hear otherwise from you (the sooner the better).

To substitute amendments have been requested for the AL I S bill. The first amendment should reflect what the bill should look like yes that tags and the requirement for their wearing by hunters is eliminated from state law. The second substitute amendment requested is to look like what the bill would say if the bill has been drafted properly with zero references to back tags being eliminated.
