4 **to:** special registration plates associated with the Boy Scouts of America,
5 registration numbers on special registration plates, and making an
6 appropriation.

Analysis by the Legislative Reference Bureau

This bill allows the Department of Transportation (DOT) to create motor vehicle special registration plates expressing support, and providing funding, for the Boy Scouts of America if the cost of initial production of these plates is covered by donations. The bill also allows the registration number on special plates to include up to seven characters.

Under current law, a group or organization that meets certain criteria may apply to DOT for designation as an authorized special group. If the application is approved, members of the authorized special group may obtain special registration plates for certain vehicles, including automobiles and motor homes, that are owned or leased by special group members. Before October 2, 1998, authorized special groups whose members may obtain special plates were specifically enumerated in state law. With certain exceptions, current law provides that specific enumeration in state law of authorized special groups is limited to those special groups

SENATE BILL 388

enumerated before October 2, 1998. A fee, in addition to the regular registration fee for the particular kind of vehicle, is charged for the issuance or reissuance of most special plates. For some special plates, members of the applicable special group pay an additional fee with each registration renewal that provides funding to a specified organization, and this additional fee is tax deductible as a charitable contribution to the extent permitted by law.

This bill establishes an authorized special group specifically enumerated in state law for persons interested in obtaining special plates expressing support for the Boy Scouts of America. In addition to the regular vehicle registration fee, special group members are required to pay a \$15 fee for issuance or reissuance of the special plates and to annually include payment of \$25 that provides funds to the Boy Scouts of America National Foundation for distribution to local councils located in this state. The bill requires the special plates to display the words “Scouting Alumni” and, at the option of the vehicle owner, either a logo or symbol associated with the Boy Scouts of America or a logo or symbol associated with the Eagle Scouts. DOT may not issue these special plates until DOT has obtained authority to use any applicable trademark or service mark associated with the Boy Scouts of America on these special plates and until DOT receives a contribution from any interested person or group in the amount of the initial costs of production of these special plates or \$23,700, whichever is less.

Under current law, the identifying letters or numbers (registration number) appearing on special plates issued to special group members, including personalized special plates, may not exceed six positions. This bill allows special plates to have a registration number of up to seven positions.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
