Hi Elisabeth,

Would you please draft a ^{P: (?)}2 of this bill. Senator Lassa would like identical language to 2013 Senate Bill 25 to increase funding for the Community Action Skills Enhancement Program by \$250,000 in each year of the 2015-17 biennium, (effective July 1, 2015), but also include a change to s.49.265(3)(b)11 so that it reads, "Provide to individuals who work a **minimum of 15 hours per week and whose earned income would make them eligible for any other program operated by the community action agency**, a program of skills enhancement that shall include access to transportation, child care, career counselling, job placement assistance, and financial support for education and training.

I apologize for the short notice, but I was hoping to receive this draft by Friday, Oct. 2. Thank you very much for your assistance.

Sincerely,

Danielle Williams

2015-2016 DRAFTING INSERT
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-1388/P2ins
EHS:wlj

1 INSERT A

This bill increases funding for skills enhancement grants for community action agencies and changes the eligibility requirement for the services provided under those grants.

Under current law, a community action agency approved by the secretary of children and families and by the legislative body of the local governmental unit serviced by the community action agency is required to develop and implement programs designed to serve persons whose income is at or below 125 percent of the poverty line. Those programs may include provisions that will help those persons, among other things, secure and retain employment, improve their education, and secure needed transportation. Current law also appropriates money to the Department of Children and Families (DCF) and requires DCF to distribute, from that appropriation, grants to community action agencies to provide, to individuals who work at least 20 hours per week and whose earned income is at or below 150 percent of the poverty line, a program of skills enhancement that must include access to transportation, child care, career counseling, job placement assistance, and financial support for education and training (skills enhancement grants).

This bill increases the funding during the 2015-17 biennium for skills enhancement grants. The bill also requires a community action agency that receives a skills enhancement grant to provide skills enhancement services to individuals who work at least 15 hours per week and whose earned income would make the individuals eligible for any other program operated by the community action agency.

INSERT 1-3

2 SECTION 1. 49.265 (3) (b) 11. of the statutes is amended to read:

3 49.265 (3) (b) 11. Provide, to individuals who work at least 20 15 hours per week
4 and whose earned income is at or below 150 percent of the poverty line would make
5 the individuals eligible for any other program operated by the community action
6 agency, a program of skills enhancement that shall include access to transportation,
7 child care, career counseling, job placement assistance, and financial support for
8 education and training.
