**To:** Dodge, Tamara  
**Subject:** Bill Request

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Hi Tamara,

I hope your week is starting off well! Senator Risser would like to request a bill to allow pharmacists to prescribe birth control. Similar legislation was passed in Oregon, HB 2879 (<https://olis.leg.state.or.us/liz/2015R1/Downloads/MeasureDocument/HB2879/Enrolled>) and contains what the Senator is looking for.

If possible, can we get this request by Wednesday the 13<sup>th</sup>?

*Cassie Jurenci*

**Enrolled  
House Bill 2879**

Sponsored by COMMITTEE ON HEALTH CARE

CHAPTER .....

AN ACT

Relating to health care; creating new provisions; amending ORS 689.005; and declaring an emergency.

**Be It Enacted by the People of the State of Oregon:**

**SECTION 1.** Section 2 of this 2015 Act is added to and made a part of ORS chapter 689.

**SECTION 2.** (1) In accordance with rules adopted by the State Board of Pharmacy under ORS 689.205, a pharmacist may prescribe and dispense hormonal contraceptive patches and self-administered oral hormonal contraceptives to a person who is:

(a) At least 18 years of age, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women’s health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive; or

(b) Under 18 years of age, only if the person has evidence of a previous prescription from a primary care practitioner or women’s health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive.

(2)(a) The board shall adopt rules to establish, in consultation with the Oregon Medical Board, the Oregon State Board of Nursing and the Oregon Health Authority, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, standard procedures for the prescribing of hormonal contraceptive patches and self-administered oral hormonal contraceptives by pharmacists.

(b) The rules adopted under this subsection must require a pharmacist to:

(A) Complete a training program approved by the State Board of Pharmacy that is related to prescribing hormonal contraceptive patches and self-administered oral hormonal contraceptives;

(B) Provide a self-screening risk assessment tool that the patient must use prior to the pharmacist’s prescribing the hormonal contraceptive patch or self-administered oral hormonal contraceptive;

(C) Refer the patient to the patient’s primary care practitioner or women’s health care practitioner upon prescribing and dispensing the hormonal contraceptive patch or self-administered oral hormonal contraceptive;

(D) Provide the patient with a written record of the hormonal contraceptive patch or self-administered oral hormonal contraceptive prescribed and dispensed and advise the patient to consult with a primary care practitioner or women’s health care practitioner; and

(E) Dispense the hormonal contraceptive patch or self-administered oral hormonal contraceptive to the patient as soon as practicable after the pharmacist issues the prescription.

(c) The rules adopted under this subsection must prohibit a pharmacist from:

(A) Requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a hormonal contraceptive patch or self-administered oral hormonal contraceptive; and

(B) Prescribing and dispensing a hormonal contraceptive patch or self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a hormonal contraceptive patch or self-administered oral hormonal contraceptive by a pharmacist to the patient.

(3) All state and federal laws governing insurance coverage of contraceptive drugs, devices, products and services shall apply to hormonal contraceptive patches and self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

**SECTION 3.** Section 2 of this 2015 Act is amended to read:

**Sec. 2.** (1) In accordance with rules adopted by the State Board of Pharmacy under ORS 689.205, a pharmacist may prescribe and dispense hormonal contraceptive patches and self-administered oral hormonal contraceptives. *[to a person who is:]*

*[(a) At least 18 years of age, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive; or]*

*[(b) Under 18 years of age, only if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive.]*

(2)(a) The board shall adopt rules to establish, in consultation with the Oregon Medical Board, the Oregon State Board of Nursing and the Oregon Health Authority, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, standard procedures for the prescribing of hormonal contraceptive patches and self-administered oral hormonal contraceptives by pharmacists.

(b) The rules adopted under this subsection must require a pharmacist to:

(A) Complete a training program approved by the State Board of Pharmacy that is related to prescribing hormonal contraceptive patches and self-administered oral hormonal contraceptives;

(B) Provide a self-screening risk assessment tool that the patient must use prior to the pharmacist's prescribing the hormonal contraceptive patch or self-administered oral hormonal contraceptive;

(C) Refer the patient to the patient's primary care practitioner or women's health care practitioner upon prescribing and dispensing the hormonal contraceptive patch or self-administered oral hormonal contraceptive;

(D) Provide the patient with a written record of the hormonal contraceptive patch or self-administered oral hormonal contraceptive prescribed and dispensed and advise the patient to consult with a primary care practitioner or women's health care practitioner; and

(E) Dispense the hormonal contraceptive patch or self-administered oral hormonal contraceptive to the patient as soon as practicable after the pharmacist issues the prescription.

(c) The rules adopted under this subsection must prohibit a pharmacist from:

(A) Requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a hormonal contraceptive patch or self-administered oral hormonal contraceptive; and

(B) Prescribing and dispensing a hormonal contraceptive patch or self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a hormonal contraceptive patch or self-administered oral hormonal contraceptive by a pharmacist to the patient.

(3) All state and federal laws governing insurance coverage of contraceptive drugs, devices, products and services shall apply to hormonal contraceptive patches and self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

**SECTION 4.** ORS 689.005 is amended to read:

689.005. As used in this chapter:

- (1) "Administer" means the direct application of a drug or device whether by injection, inhalation, ingestion, or any other means, to the body of a patient or research subject by:
  - (a) A practitioner or the practitioner's authorized agent; or
  - (b) The patient or research subject at the direction of the practitioner.
- (2) "Approved continuing pharmacy education program" means those seminars, classes, meetings, workshops and other educational programs on the subject of pharmacy approved by the board.
  - (3) "Board of pharmacy" or "board" means the State Board of Pharmacy.
  - (4) "Continuing pharmacy education" means:
    - (a) Professional, pharmaceutical post-graduate education in the general areas of socio-economic and legal aspects of health care;
    - (b) The properties and actions of drugs and dosage forms; and
    - (c) The etiology, characteristics and therapeutics of the disease state.
  - (5) "Continuing pharmacy education unit" means the unit of measurement of credits for approved continuing education courses and programs.
  - (6) "Deliver" or "delivery" means the actual, constructive or attempted transfer of a drug or device other than by administration from one person to another, whether or not for a consideration.
  - (7) "Device" means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent or other similar or related article, including any component part or accessory, which is required under federal or state law to be prescribed by a practitioner and dispensed by a pharmacist.
  - (8) "Dispense" or "dispensing" means the preparation and delivery of a prescription drug pursuant to a lawful order of a practitioner in a suitable container appropriately labeled for subsequent administration to or use by a patient or other individual entitled to receive the prescription drug.
  - (9) "Distribute" means the delivery of a drug other than by administering or dispensing.
  - (10) "Drug" means:
    - (a) Articles recognized as drugs in the official United States Pharmacopoeia, official National Formulary, official Homeopathic Pharmacopoeia, other drug compendium or any supplement to any of them;
    - (b) Articles intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in a human or other animal;
    - (c) Articles, other than food, intended to affect the structure or any function of the body of humans or other animals; and
    - (d) Articles intended for use as a component of any articles specified in paragraph (a), (b) or (c) of this subsection.
  - (11) "Drug order" means a written order, in a hospital or other inpatient care facility, for an ultimate user of any drug or device issued and signed by a practitioner, or an order transmitted by other means of communication from a practitioner, that is immediately reduced to writing by a pharmacist, licensed nurse or other practitioner.
  - (12) "Drug outlet" means any pharmacy, nursing home, shelter home, convalescent home, extended care facility, drug abuse treatment center, penal institution, hospital, family planning clinic, student health center, retail store, wholesaler, manufacturer, mail-order vendor or other establishment with facilities located within or out of this state that is engaged in dispensing, delivery or distribution of drugs within this state.
  - (13) "Drug room" means a secure and lockable location within an inpatient care facility that does not have a licensed pharmacy.
  - (14) "Electronically transmitted" or "electronic transmission" means a communication sent or received through technological apparatuses, including computer terminals or other equipment or mechanisms linked by telephone or microwave relays, or any similar apparatus having electrical, digital, magnetic, wireless, optical, electromagnetic or similar capabilities.

**(15) "Hormonal contraceptive patch" means a transdermal patch applied to the skin of a patient, by the patient or by a practitioner, that releases a drug composed of a combination of hormones that is approved by the United States Food and Drug Administration to prevent pregnancy.**

[(15)] **(16) "Institutional drug outlet" means hospitals and inpatient care facilities where medications are dispensed to another health care professional for administration to patients served by the hospitals or facilities.**

[(16)] **(17) "Intern" means a person who is enrolled in or has completed a course of study at a school or college of pharmacy approved by the board and who is licensed with the board as an intern.**

[(17)] **(18) "Internship" means a professional experiential program approved by the board under the supervision of a licensed pharmacist registered with the board as a preceptor.**

[(18)] **(19) "Itinerant vendor" means a person who sells or distributes nonprescription drugs by passing from house to house, or by haranguing the people on the public streets or in public places, or who uses the customary devices for attracting crowds, recommending their wares and offering them for sale.**

[(19)] **(20) "Labeling" means the process of preparing and affixing of a label to any drug container exclusive, however, of the labeling by a manufacturer, packer or distributor of a nonprescription drug or commercially packaged legend drug or device.**

[(20)] **(21) "Manufacture" means the production, preparation, propagation, compounding, conversion or processing of a device or a drug, either directly or indirectly by extraction from substances of natural origin or independently by means of chemical synthesis or by a combination of extraction and chemical synthesis and includes any packaging or repackaging of the substances or labeling or relabeling of its container, except that this term does not include the preparation or compounding of a drug by an individual for their own use or the preparation, compounding, packaging or labeling of a drug:**

(a) By a practitioner as an incident to administering or dispensing of a drug in the course of professional practice; or

(b) By a practitioner or by the practitioner's authorization under supervision of the practitioner for the purpose of or as an incident to research, teaching or chemical analysis and not for sale.

[(21)] **(22) "Manufacturer" means a person engaged in the manufacture of drugs.**

[(22)] **(23) "Nonprescription drug outlet" means shopkeepers and itinerant vendors registered under ORS 689.305.**

[(23)] **(24) "Nonprescription drugs" means drugs which may be sold without a prescription and which are prepackaged for use by the consumer and labeled in accordance with the requirements of the statutes and regulations of this state and the federal government.**

[(24)] **(25) "Person" means an individual, corporation, partnership, association or any other legal entity.**

[(25)] **(26) "Pharmacist" means an individual licensed by this state to engage in the practice of pharmacy.**

[(26)] **(27) "Pharmacy" means a place that meets the requirements of rules of the board, is licensed and approved by the board where the practice of pharmacy may lawfully occur and includes apothecaries, drug stores, dispensaries, hospital outpatient pharmacies, pharmacy departments and prescription laboratories but does not include a place used by a manufacturer or wholesaler.**

[(27)] **(28) "Pharmacy technician" means a person licensed by the State Board of Pharmacy who assists the pharmacist in the practice of pharmacy pursuant to rules of the board.**

[(28)] **(29) "Practice of pharmacy" means:**

(a) The interpretation and evaluation of prescription orders;

(b) The compounding, dispensing and labeling of drugs and devices, except labeling by a manufacturer, packer or distributor of nonprescription drugs and commercially packaged legend drugs and devices;

(c) The prescribing and administering of vaccines and immunizations pursuant to ORS 689.645;

(d) The administering of drugs and devices to the extent permitted under ORS 689.655;  
(e) The participation in drug selection and drug utilization reviews;  
(f) The proper and safe storage of drugs and devices and the maintenance of proper records therefor;

(g) The responsibility for advising, where necessary or where regulated, of therapeutic values, content, hazards and use of drugs and devices;

(h) The monitoring of therapeutic response or adverse effect to drug therapy; [and]

(i) The offering or performing of those acts, services, operations or transactions necessary in the conduct, operation, management and control of pharmacy; and

**(j) The prescribing and dispensing of hormonal contraceptive patches and self-administered oral hormonal contraceptives pursuant to section 2 of this 2015 Act.**

[(29)] **(30) "Practitioner"** means a person licensed and operating within the scope of such license to prescribe, dispense, conduct research with respect to or administer drugs in the course of professional practice or research:

(a) In this state; or

(b) In another state or territory of the United States if the person does not reside in Oregon and is registered under the federal Controlled Substances Act.

[(30)] **(31) "Preceptor"** means a pharmacist or a person licensed by the board to supervise the internship training of a licensed intern.

[(31)] **(32) "Prescription drug" or "legend drug"** means a drug which is:

(a) Required by federal law, prior to being dispensed or delivered, to be labeled with either of the following statements:

(A) "Caution: Federal law prohibits dispensing without prescription"; or

(B) "Caution: Federal law restricts this drug to use by or on the order of a licensed veterinarian"; or

(b) Required by any applicable federal or state law or regulation to be dispensed on prescription only or is restricted to use by practitioners only.

[(32)] **(33) "Prescription" or "prescription drug order"** means a written, oral or electronically transmitted direction, given by a practitioner authorized to prescribe drugs, for the preparation and use of a drug. When the context requires, "prescription" also means the drug prepared under such written, oral or electronically transmitted direction.

[(33)] **(34) "Retail drug outlet"** means a place used for the conduct of the retail sale, administering or dispensing or compounding of drugs or chemicals or for the administering or dispensing of prescriptions and licensed by the board as a place wherein the practice of pharmacy may lawfully occur.

**(35) "Self-administered oral hormonal contraceptive" means a drug composed of a combination of hormones that is approved by the United States Food and Drug Administration to prevent pregnancy and that the patient to whom the drug is prescribed may take orally.**

[(34)] **(36) "Shopkeeper"** means a business or other establishment, open to the general public, for the sale or nonprofit distribution of drugs.

[(35)] **(37) "Unit dose"** means a sealed single-unit container so designed that the contents are administered to the patient as a single dose, direct from the container. Each unit dose container must bear a separate label, be labeled with the name and strength of the medication, the name of the manufacturer or distributor, an identifying lot number and, if applicable, the expiration date of the medication.

[(36)] **(38) "Wholesale drug outlet"** means any person who imports, stores, distributes or sells for resale any drugs including legend drugs and nonprescription drugs.

**SECTION 5. (1) Section 2 of this 2015 Act and the amendments to ORS 689.005 by section 4 of this 2015 Act become operative on January 1, 2016.**

**(2) The State Board of Pharmacy may take any action before the operative date specified in subsection (1) of this section that is necessary for the board to exercise, on and after the operative date specified in subsection (1) of this section, all of the duties, function and pow-**

ers conferred on the board by section 2 of this 2015 Act and the amendments to ORS 689.005 by section 4 of this 2015 Act.

**SECTION 6.** The amendments to section 2 of this 2015 Act by section 3 of this 2015 Act become operative on January 1, 2020.

**SECTION 7.** This 2015 Act being necessary for the immediate preservation of the public peace, health and safety, an emergency is declared to exist, and this 2015 Act takes effect on its passage.

Date

Sen. Risser:

Because the Oregon law you provided was rather straightforward and used much of the same terminology that is used in Wisconsin's pharmacy practice law, this draft hews very closely to the Oregon law, aside from certain technical and terminology differences and as noted in the draft. There was one provision I did not include from the Oregon law, which simply stated that state and federal insurance laws would apply. This did not seem necessary, since we probably cannot control what federal law will cover and s. 632.895 (17), Wis. stats., is already worded such that if this bill passed, an insurance plan would have to cover the prescription in the same way it would cover a prescription issued by anyone else. Let us know if you have further questions about state or federal health insurance coverage for contraceptives or anything else.

**PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION**

1 - note

San

Gen

1 AN ACT relating to: permitting pharmacists to prescribe certain  
2 contraceptives and granting rule-making authority.

***Analysis by the Legislative Reference Bureau***

This bill permits a pharmacist to prescribe and dispense hormonal contraceptive patches and self-administered oral hormonal contraceptives, subject to limitations described as follows.

The bill requires the Pharmacy Examining Board, after consultation with the Medical Examining Board, the Board of Nursing, and the Department of Health Services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to promulgate rules to establish standard procedures for the prescribing of contraceptives by pharmacists under the bill. The rules must include certain requirements for pharmacists prescribing contraceptives, such as requiring a pharmacist to complete a training course, requiring a referral to a health care provider following a prescription, and requiring the contraceptive to be dispensed as soon as practicable after the pharmacist issues the prescription order. In addition, the rules must prohibit a pharmacist from requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a contraceptive and from prescribing and dispensing a contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription of a contraceptive by a pharmacist to the patient. A pharmacist who prescribes contraceptives as permitted under the bill must comply with those rules, as well as other rules promulgated by the Pharmacy Examining Board.

Under the bill, prior to January 1, 2020, a pharmacist may prescribe a contraceptive to a person who is under 18 years of age only if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive. The bill eliminates this limitation beginning on January 1, 2020.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

---

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

1       **SECTION 1.** 450.01 (16) (L) of the statutes is created to read:

2       450.01 (16) (L) Prescribing and dispensing hormonal contraceptive patches  
3       and self-administered oral hormonal contraceptives pursuant to s. 450.095 (2m).

4       **SECTION 2.** 450.095 (title) of the statutes is amended to read:

5       **450.095 (title) ~~Duty to dispense~~ Prescribing and dispensing of**  
6       **contraceptives.**

7       <sup>History: 2009 a. 28, 296</sup>

7       **SECTION 3.** 450.095 (1) (ag) and (ar) of the statutes are created to read:

8       450.095 (1) (ag) "Hormonal contraceptive patch" means a transdermal patch  
9       applied to the skin of a patient, by the patient or by a practitioner, that releases a  
10       drug composed of a combination of hormones that is approved by the federal food and  
11       drug administration to prevent pregnancy.

12       (ar) "Self-administered oral hormonal contraceptive" means a drug composed  
13       of a combination of hormones that is approved by the federal food and drug  
14       administration to prevent pregnancy and that the patient to whom the drug is  
15       prescribed may take orally.

16       **SECTION 4.** 450.095 (2m) of the statutes is created to read:

1           450.095 (2m) (a) In accordance with rules promulgated by the board, a  
2 pharmacist may prescribe and dispense hormonal contraceptive patches and  
3 self-administered oral hormonal contraceptives to any of the following:

4           1. A person who is at least 18 years of age, regardless of whether the person has  
5 evidence of a previous prescription from a primary care practitioner or women's  
6 health care practitioner for a hormonal contraceptive patch or self-administered  
7 oral hormonal contraceptive.

8           2. A person who is under 18 years of age, if the person has evidence of a previous  
9 prescription from a primary care practitioner or women's health care practitioner for  
10 a hormonal contraceptive patch or self-administered oral hormonal contraceptive.

11           (b) 1. The board shall, after consultation with the medical examining board, the  
12 board of nursing, and the department of health services, and in consideration of  
13 guidelines established by the American Congress of Obstetricians and  
14 Gynecologists, promulgate rules to establish standard procedures for the prescribing  
15 of hormonal contraceptive patches and self-administered oral hormonal  
16 contraceptives by pharmacists under this subsection.

17           2. The rules promulgated under subd. 1. shall require a pharmacist to do all  
18 of the following:

19           a. Complete a training program approved by the board that is related to  
20 prescribing hormonal contraceptive patches and self-administered oral hormonal  
21 contraceptives.

22           b. Provide a self-screening risk assessment tool that the patient must use prior  
23 to the pharmacist's prescribing the hormonal contraceptive patch or  
24 self-administered oral hormonal contraceptive.

1 c. Refer the patient to the patient's primary care practitioner or women's health  
2 care practitioner upon prescribing and dispensing the hormonal contraceptive patch  
3 or self-administered oral hormonal contraceptive.

4 d. Provide the patient with a written record of the hormonal contraceptive  
5 patch or self-administered oral hormonal contraceptive prescribed and dispensed  
6 and advise the patient to consult with a primary care practitioner or women's health  
7 care practitioner.

8 e. Dispense the hormonal contraceptive patch or self-administered oral  
9 hormonal contraceptive to the patient as soon as practicable after the pharmacist  
10 issues the prescription order.

11 3. The rules promulgated under subd. 1. shall prohibit a pharmacist from doing  
12 any of the following:

13 a. Requiring a patient to schedule an appointment with the pharmacist for the  
14 prescribing or dispensing of a hormonal contraceptive patch or self-administered  
15 oral hormonal contraceptive.

16 b. Prescribing and dispensing a hormonal contraceptive patch or  
17 self-administered oral hormonal contraceptive to a patient who does not have  
18 evidence of a clinical visit for women's health within the 3 years immediately  
19 following the initial prescription of a hormonal contraceptive patch or  
20 self-administered oral hormonal contraceptive by a pharmacist to the patient.

21 SECTION 5. 450.095 (2m) (a) (intro.) of the statutes, as created by 2015  
22 Wisconsin Act .... (this act), is renumbered 50.095 (2m) (a) and amended to read:

23 450.095 (2m) (a) In accordance with rules promulgated by the board, a  
24 pharmacist may prescribe and dispense hormonal contraceptive patches and  
25 self-administered oral hormonal contraceptives to any of the following:

4 permitting pharmacists to prescribe certain contraceptives and granting  
5 rule-making authority.

---

***Analysis by the Legislative Reference Bureau***

This bill permits a pharmacist to prescribe and dispense hormonal contraceptive patches and self-administered oral hormonal contraceptives, subject to limitations described as follows.

The bill requires the Pharmacy Examining Board, after consultation with the Medical Examining Board, the Board of Nursing, and the Department of Health Services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to promulgate rules to establish standard procedures for the prescribing of contraceptives by pharmacists under the bill. The rules must include certain requirements for pharmacists prescribing contraceptives, such as requiring a pharmacist to complete a training course, requiring a referral to a health care provider following a prescription, and requiring the contraceptive to be dispensed as soon as practicable after the pharmacist issues the prescription order. In addition, the rules must prohibit a pharmacist from requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a contraceptive and from prescribing and dispensing a contraceptive to a patient who

does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription of a contraceptive by a pharmacist to the patient. A pharmacist who prescribes contraceptives as permitted under the bill must comply with those rules, as well as other rules promulgated by the Pharmacy Examining Board.

Under the bill, a pharmacist may prescribe a contraceptive to a person who is under 18 years of age only if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a hormonal contraceptive patch or self-administered oral hormonal contraceptive. The bill eliminates this limitation beginning on January 1, 2020.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

1           **SECTION 1.** 450.01 (16) (L) of the statutes is created to read:

2           450.01 (16) (L) Prescribing and dispensing hormonal contraceptive patches  
3 and self-administered oral hormonal contraceptives pursuant to s. 450.095 (2m).

4           **SECTION 2.** 450.095 (title) of the statutes is amended to read:

5           **450.095** (title) ~~Duty to dispense~~ Prescribing and dispensing of  
6 **contraceptives.**

7           **SECTION 3.** 450.095 (1) (ag) and (ar) of the statutes are created to read:

8           450.095 (1) (ag) "Hormonal contraceptive patch" means a transdermal patch  
9 applied to the skin of a patient, by the patient or by a practitioner, that releases a  
10 drug composed of a combination of hormones that is approved by the federal food and  
11 drug administration to prevent pregnancy.

12           (ar) "Self-administered oral hormonal contraceptive" means a drug composed  
13 of a combination of hormones that is approved by the federal food and drug  
14 administration to prevent pregnancy and that the patient to whom the drug is  
15 prescribed may take orally.

1           **SECTION 4.** 450.095 (2m) of the statutes is created to read:

2           450.095 (2m) (a) In accordance with rules promulgated by the board, a  
3 pharmacist may prescribe and dispense hormonal contraceptive patches and  
4 self-administered oral hormonal contraceptives to any of the following:

5           1. A person who is at least 18 years of age, regardless of whether the person has  
6 evidence of a previous prescription from a primary care practitioner or women's  
7 health care practitioner for a hormonal contraceptive patch or self-administered  
8 oral hormonal contraceptive.

9           2. A person who is under 18 years of age, if the person has evidence of a previous  
10 prescription from a primary care practitioner or women's health care practitioner for  
11 a hormonal contraceptive patch or self-administered oral hormonal contraceptive.

12           (b) 1. The board shall, after consultation with the medical examining board, the  
13 board of nursing, and the department of health services, and in consideration of  
14 guidelines established by the American Congress of Obstetricians and  
15 Gynecologists, promulgate rules to establish standard procedures for the prescribing  
16 of hormonal contraceptive patches and self-administered oral hormonal  
17 contraceptives by pharmacists under this subsection.

18           2. The rules promulgated under subd. 1. shall require a pharmacist to do all  
19 of the following:

20           a. Complete a training program approved by the board that is related to  
21 prescribing hormonal contraceptive patches and self-administered oral hormonal  
22 contraceptives.

23           b. Provide a self-screening risk assessment tool that the patient must use prior  
24 to the pharmacist's prescribing the hormonal contraceptive patch or  
25 self-administered oral hormonal contraceptive.

1 c. Refer the patient to the patient's primary care practitioner or women's health  
2 care practitioner upon prescribing and dispensing the hormonal contraceptive patch  
3 or self-administered oral hormonal contraceptive.

4 d. Provide the patient with a written record of the hormonal contraceptive  
5 patch or self-administered oral hormonal contraceptive prescribed and dispensed  
6 and advise the patient to consult with a primary care practitioner or women's health  
7 care practitioner.

8 e. Dispense the hormonal contraceptive patch or self-administered oral  
9 hormonal contraceptive to the patient as soon as practicable after the pharmacist  
10 issues the prescription order.

11 3. The rules promulgated under subd. 1. shall prohibit a pharmacist from doing  
12 any of the following:

13 a. Requiring a patient to schedule an appointment with the pharmacist for the  
14 prescribing or dispensing of a hormonal contraceptive patch or self-administered  
15 oral hormonal contraceptive.

16 b. Prescribing and dispensing a hormonal contraceptive patch or  
17 self-administered oral hormonal contraceptive to a patient who does not have  
18 evidence of a clinical visit for women's health within the 3 years immediately  
19 following the initial prescription of a hormonal contraceptive patch or  
20 self-administered oral hormonal contraceptive by a pharmacist to the patient.

21 **SECTION 5.** 450.095 (2m) (a) (intro.) of the statutes, as created by 2015  
22 Wisconsin Act .... (this act), is renumbered 450.095 (2m) (a) and amended to read:

23 450.095 (2m) (a) In accordance with rules promulgated by the board, a  
24 pharmacist may prescribe and dispense hormonal contraceptive patches and  
25 self-administered oral hormonal contraceptives ~~to any of the following:~~
