Current law provides an annual, sum certain appropriation for DMA for the purpose of rendering services to state agencies and performing other general program operations. This bill converts that appropriation to a continuing appropriation for that purpose of all moneys received from other state agencies and from the department for the department for that purpose. DMA

Chris: I am having trouble understanding what you want. I have two questions:

1. You indicate you want the appropriation to be continuing, but this is already a continuing appropriation. See 20.001 (3) (c): Continuing appropriations are indicated in ss. 20.115 to 20.875 by the introductory phrase, "as a continuing appropriation," "**all moneys received from,**" or "all moneys transferred from." (emphasis added). So, your instruction is not clear to me.
2. If the appropriation, which is for moneys received from the department for the department and from other state agencies for services rendered, is not for "all moneys received," then what would it be for. Is the intent to restore the sum certain language (amounts in the schedule)? Even so, note that "all moneys received" appears in both the current law text and the underscored text in the draft. Do you want to get rid of "all moneys received" in both spots? And, replace that language with what?

Please call if you want to discuss.

Thanks.

Michael,

I have some updated guidance regarding the drafting request made to modify DMA's agency services appropriation. Can you modify the draft to make the appropriation continuing, but remove language pertaining to "all moneys received."

Please let me know if you'd like to discuss or have any questions.

Thank you.
