Under the program, DOT may award a grant to a political subdivision to provide up to 50 percent of the cost of improvements to transportation facilities, if the political subdivision provides at least 50 percent of the cost of the improvement. This bill increases the state share of the cost of an improvement project to 80 percent of the total project cost and reduces the local share to 20 percent of the total project cost.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
