Agency Acronym: DOA

Agency Number: 505

Priority: High

Intent:

Consolidate the Technology for Educational Achievement Program appropriations under ss. 20.505(4)(s)(t)(tm)(tu) and (tw) into a single, biennial alpha appropriation.

In addition, modify current law so that educational agencies and school districts are not limited to requesting only one data line or video link from DOA. Within available funding, DOA would be allowed to provide additional links based on the evaluation of certain criteria, including but not limited to current bandwidth, equipment, readiness, available providers, and other economic development in the area.

AN ACT ...; relating to: the budget.

Analysis by the Legislative Reference Bureau

Under current law, DOA[✓] administers the Technology for Educational Achievement program, known as TEACH.[✓] The TEACH[✓] program offers telecommunication access to school districts, private schools, cooperative educational service agencies, technical college districts, independent charter school authorizers, juvenile correctional facilities, private and tribal colleges, and public library boards (educational agencies)[✓] at discounted rates and by subsidizing the cost of installing data lines and video links.[✓] Under current law, subject to certain exceptions, an educational agency may request access to only one data line or one video link under the TEACH program. Under the bill, an educational agency may request access to multiple data lines and video links under the TEACH program. This bill also consolidates the appropriations for TEACH contracts for all educational agencies[✓] into a single appropriation.[✓]

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Subject: TEACH program changes draft (LRB-1061)

Hi Fern,

For the TEACH program changes draft, I would like to clarify the first sentence of s. 16.997(2e) created under Section 5 of the draft. In saying "whether to provide more than one data line or video link to an educational agency," would it be possible for the program to provide an additional data line and video link to an educational agency? It seems a bit trivial, but my contacts with the program wanted to ensure that it could mean "and/or" and not just one or the other.

Secondly, would it be possible to change the title of the modified appropriation under s. 20.505(4)(s) to "Telecommunications access; educational agencies"? Because the appropriation is modified to be more general, it seems fitting for it to have a more general title.

Thanks!
