Agency Acronym: DOA

Agency Number: 505

Priority: High

Intent:

Similar to Draft LRB-0892 from the 2013-15 biennial budget (attached), allow DOA to transfer staff and equipment related to the provision of information technology security or desktop management services from another agency, other than the UW System Board of Regents, based on input from the IT Executive Steering Committee. An agency would be defined as one with a secretary serving at the pleasure of the Governor. (Once DOA has transferred desktop management or security staff and equipment, it would have the option of contracting with a vendor for security or desktop management services.)

Security or desktop management

This bill permits DOA to transfer staff and equipment related to the provision of information technology infrastructure services from another executive branch agency, other than the Board of Regents of the UW System, to DOA. The bill also permits DOA to assess executive branch agencies for information technology infrastructure services provided by DOA.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 16.972 (2) (j) of the statutes is created to read:

3 16.972 (2) (j) In consultation with an executive branch agency other than the

4 Board of Regents of the University of Wisconsin System transfer to the department

that has a secretary serving at the pleasure of the governor

security or desktop management

1 any full-time equivalent position in that executive branch agency other than the
 2 Board of Regents of the University of Wisconsin System that is related to the
 3 provision of information technology infrastructure services in that executive branch
 4 agency, and any incumbent employee holding that position. If a position is
 5 transferred under this paragraph, the department shall assess the appropriate
 6 executive branch agency appropriation account for the costs to pay salary and fringe
 7 benefit costs of the transferred position. If an incumbent employee is transferred
 8 under this paragraph, the department shall determine the transferred employee's
 9 probationary status under s. 230.28, except that the employee shall receive credit
 10 towards his or her probationary period for the time that the employee had been
 11 employed in any unclassified position immediately prior to appointment. The
 12 department may require an executive branch agency that is subject to a transfer
 13 under this paragraph to transfer to the department information technology
 14 equipment or systems required by the department to carry out information
 15 technology services for the executive branch agency, and may assess that executive
 16 branch agency for the provision of information technology services to that executive
 17 branch agency.

****NOTE: I eliminated from this paragraph the cross-reference to the appropriation; this seems consistent with other provisions related to DOA's IT powers and responsibilities under subch. VII of ch. 16. Okay?

18 SECTION 2. 20.505 (1) (kk) of the statutes is created to read:

19 20.505 (1) (kk) Information technology infrastructure services; interagency
 20 transfers. All moneys received as assessments from the appropriations of executive
 21 branch agencies as required under s. 16.972 (2) (j) for the purpose of funding
 22 transferred positions, employees, and equipment related to information technology
 23 infrastructure services under s. 16.972 (2) (j).

Subject: Information technology services draft (LRB-1129)

Hi Tracy,

I wanted to clarify something in the information technology services draft related to positions - is there a way to draft the language so that transferring incumbents along with positions is an option, but not required?

I ask because there are some instances where incumbents may be transferred to the department and others that would just transfer the position. Would leaving the position vs. position + incumbent decision to the discretion of the DOA Secretary provide enough discretion for that decision to be made?

Let me know if you have any questions or would like to discuss.

Thanks!

OTHER STATE GOVERNMENT

This bill permits DOA to transfer to DOA staff and equipment related to the provision of information technology security or desktop management services from another executive branch agency that has a secretary serving at the pleasure of the governor. The bill also permits DOA to assess those executive branch agencies for information technology services provided by DOA.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 16.972 (2) (j) of the statutes is created to read:

3 16.972 (2) (j) In consultation with an executive branch agency that has a
4 secretary serving at the pleasure of the governor transfer to the department any

1 full-time equivalent position in that executive branch agency that is related to the
2 provision of information technology security or desktop management services in that
3 executive branch agency, and ^{may also transfer to the department} any incumbent employee holding that position. ✓ If a
4 position is transferred under this paragraph, the department shall assess the
5 appropriate executive branch agency appropriation account for the costs to pay
6 salary and fringe benefit costs of the transferred position. If an incumbent employee
7 is transferred under this paragraph, the department shall determine the transferred
8 employee's probationary status under s. 230.28, except that the employee shall
9 receive credit towards his or her probationary period for the time that the employee
10 had been employed in any unclassified position immediately prior to appointment.
11 The department may require an executive branch agency that is subject to a transfer
12 under this paragraph to transfer to the department information technology
13 equipment or systems required by the department to carry out information
14 technology security or desktop management services for the executive branch
15 agency, and may assess that executive branch agency for the provision of such
16 services to that executive branch agency.

17 **SECTION 2.** 20.505 (1) (kk) of the statutes is created to read:

18 20.505 (1) (kk) *Information technology security or desktop management*
19 *services; interagency transfers.* All moneys received as assessments from the
20 appropriations of executive branch agencies as required under s. 16.972 (2) (j) for the
