Under current law, the Child Abuse and Neglect Prevention Board (CANPB) must appoint an executive director and staff, the salaries of which are paid from certain program revenue appropriations. This bill allows those salaries and all of CANPB's actual and necessary expenses to be paid from a general purpose revenue appropriation in addition to the program revenue appropriations.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Under current law, DOJ transfers funds from its appropriation for crime laboratories and deoxyribonucleic acid (DNA) analysis to its appropriation for drug law enforcement, regional crime laboratories, and genetic evidence activities. A portion of the funds transferred to the appropriation for drug law enforcement, regional crime laboratories, and genetic evidence activities is transferred to the appropriation for district attorneys for activities related to DNA.

Under this bill, DOJ instead transfers funds directly from its appropriation for crime laboratories and DNA analysis to the appropriation for district attorneys for activities related to DNA.

Under current law, a taxation district may submit a list to DOR of the property taxes that the taxation district refunded or rescinded. DOR may then either adjust the property tax values of the taxation district and its underlying taxing jurisdictions to account for the refunded or rescinded taxes or “charge back” the taxes to the taxing jurisdictions so that each taxing jurisdiction pays back its share of the taxes to the taxation district.

Under this bill, a taxation district may only submit a list of refunded or rescinded taxes to DOR if the taxes are from any of the four assessment years immediately preceding the current assessment year. The taxation district may, however, include a tax from any assessment year, pursuant to a court order.

Current law requires the (TCS) Board to submit a plan to JCF for allocating general state aid to technical college districts based on performance with respect to specified criteria. Upon approval by JCF, the TCS Board must allocate the general state aid among the districts so that, by fiscal year 2016-17, 30 percent of the aid is allocated according to the plan and 70 percent is allocated according to a formula for equalizing the aid based on district property values. Under former law, all of the aid was allocated according to the equalization formula and, in fiscal year 2017-18, current law reverts to allocating all of the aid according to the equalization formula. This bill eliminates the reversion to former law and, in fiscal year 2016-17 and thereafter, requires the TCS Board to allocate 30 percent according to the plan and 70 percent according to the equalization formula.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

NATURAL RESOURCES

OTHER NATURAL RESOURCES

Under current law, DNR is required to award urban forestry grants to local governments and nonprofit organizations for up to 50 percent of the cost of tree management plans, tree inventories, public education and other activities relating to trees and tree projects in urban areas (cost-sharing urban forestry grants). DNR may also award urban forestry grants (discretionary urban forestry grants) to local governments, nonprofit organizations, and federally recognized Indian tribes or bands for the costs of removing, saving, and replacing trees that have been damaged by catastrophic storm events in urban areas.

This bill eliminates DNR's authority to award these discretionary urban forestry grants. The bill also limits the purposes for which DNR may award cost-sharing urban forestry grants. Under the bill, DNR may award these grants only for the purpose of funding the cost of removing, saving, and replacing trees in urban areas that have been damaged by disease, infestation, or catastrophic storm events.

Under current law, a school district is eligible to receive sparsity aid if in the previous school year all of the following criteria were satisfied:

1. The number of pupils enrolled in the school district was no more than 725.
2. At least 20 percent of the pupils were eligible for a free or reduced-price lunch under the National School Lunch Program.
3. The number of pupils enrolled in the district divided by the school district's area in square miles was less than ten.

Under current law, the state superintendent of public instruction (superintendent) must adopt examinations to measure pupil attainment of knowledge and concepts in grades four, eight, nine, ten, and eleven. Current law also requires a school board, operator of a charter school, and governing body of a private school participating in a parental choice program to administer the examinations adopted by the superintendent to pupils enrolled in those grades in the school district, the charter school, and the participating private school, respectively. This bill eliminates the examination for pupils in grade nine.
