Peggy,

Okay, this should be it (he said knowing that it's never really over):

ASA1 to AB19, page 2 line 1 should be changed to:

~~subscription-based~~ communication or ~~navigation~~ telematics system, to a device

Thanks again for your help,

Curt

Thanks for the heads-up, Curt. I'll draft that as soon as I get the request. It'll be ready in plenty of time for the floor session.

Peggy,

I just wanted you to know that I am going to need a simple amendment to the substitute. I now know why we were presented with the word "navigationtelematics." Somebody sent a plain text email that eliminated an underline and strikethrough.

I am just waiting until after the exec (10:00 am) and any other last minute changes before sending you our request. It should be nothing more than two deletions.

Thanks again,
Curt
