Subject: RE: Amendment for SB 390

Hi Tim,

I entered the request as LRBa1300.

The box culvert or structure would be "under the jurisdiction" of the authority issuing the permit, right? That is, it would be within the highway right-of-way and controlled by the local highway authority?

I'm thinking I can just create the following definition:

"Support structure" means a bridge, a box culvert, or any other structure that is less than 20 feet in length and capable of supporting a manure hose.

Then substitute "support structure" for "bridge" on pages 5 and 6 of SB-390.

Does this sound acceptable? I can start with a "/P1" of the amendment.

Aaron

Subject: Amendment for SB 390

Hi Aaron,

Farm Bureau asked me to tweak the manure pumping bill to allow people to attach to a box culvert or other structure under 20 feet in the same way they would a bridge. It was our intent to allow that, so I told them I'd draft it. I'm not sure what the proper term for the statue is, but I'm guessing you know. Give me a call with any questions.

Thanks,

Tim
