Wis. Stat. 125.12 establishes the guidelines for a municipality to revoke, suspend, non-issue, or non-renew an alcohol retailer. The entirety of Chapter 125 is devoted to the regulation of alcohol and alcohol sales.

Buried in Wis. Stat. 134 is 134.65, which creates a Tobacco-specific structure for the revocation, suspension, and non-renewal of tobacco retail licenses.

I'd like to draft a bill that mirrors the procedures for revocation, suspension, etc. of alcohol, but applied to tobacco. In other words, I'd like to draft a bill that establishes the same procedures set for in Wis. Stat 125.12 but for tobacco too.

I'm sure there are some challenging cross references within the procedures of 125.12 that are alcohol specific and would not or could not apply to a tobacco retailer. In the instance of an unnecessary cross reference, please delete it or cross reference to the appropriate tobacco related statute.

Representative Goyke:

This is a preliminary draft relating to suspension, revocation, and nonrenewal of a tobacco retailer license by a municipality.

The grounds and procedure outlined in this draft are based on the grounds and procedure for suspending, revoking, or refusing to renew an alcohol retail license under s. 125.12. Are the grounds that are included in this draft consistent with your intent?

- 1 AN ACT ...; relating to: suspending, revoking, or refusing to renew cigarette and
- 2 tobacco products retailer licenses.

Analysis by the Legislative Reference Bureau

This bill allows a municipality that has issued a cigarette or tobacco products retailer license to suspend, revoke, or refuse to renew the license under certain circumstances, and establishes a procedure for doing so.

Under current law, local municipalities issue licenses to retailers to sell cigarettes or tobacco products. Current law provides that a license is valid for one year unless sooner revoked. Under current law, a retailer's license is terminated upon conviction of its second or subsequent violation of selling cigarettes or tobacco products without a license, if the retailer is found guilty of failing to exercise due care. Current law also provides that a court must suspend a retailer's license if the court → finds the retailer guilty of 2 or more violations of certain restrictions relating to sales to minors within a 12-month period. two

This bill allows a municipality to suspend, revoke, or refuse to renew a cigarette and tobacco products retailer license if the retailer does any of the following: 1) violates certain restrictions relating to the sale of cigarettes and tobacco; 2) keeps premises that are disorderly, riotous, indecent, or improper; 3) has failed to maintain the premises according to sanitation standards; 4) has permitted known criminals or prostitutes to loiter on the premises; 5) has been convicted of manufacturing, distributing, or delivering, or possessing with the intent to manufacture, distribute, or deliver, a controlled substance; or 6) knowingly allows another person on the licensed premises to manufacture, distribute, or deliver, or possess with the intent to manufacture, distribute, or deliver, a controlled substance.

Under the bill, a resident or authorized employee of the municipality that issued the retailer license may file a sworn complaint with the municipal clerk, alleging one of these grounds for suspension, revocation, or nonrenewal. The person holding the retailer license is then entitled to a hearing before the municipal governing body. The municipal governing body must find the allegations of the complaint to be true and find that there are sufficient grounds for suspension, revocation, or nonrenewal before suspending, revoking, or refusing to renew the license. If a retailer's license is revoked following a hearing, the licensee may not obtain another such license for 12 months. The municipal governing body's decision to suspend, revoke, or not renew a license, or its decision not to act, may be reviewed by the circuit court for the county in which the license was issued.

Under current law, it is a defense to any prosecution for selling cigarettes or tobacco products to a minor if the retailer can show that the purchaser falsely represented that he or she was at least 18 years of age, presented an identification card, and appeared to be at least 18, and that the sale was made in good faith. The bill provides that this is also a defense to a complaint, made under the procedures described in this bill, that alleges the retailer sold cigarettes or tobacco products to a minor.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 **AN ACT to renumber** 134.65 (1); **to amend** 134.65 (1m), 134.66 (1) (g) and 134.66
2 (3) (intro.); and **to create** 134.65 (1d) and 134.65 (6) and (7) of the statutes;
3 **relating to:** suspending, revoking, or refusing to renew cigarette and tobacco
4 products retailer licenses.

Analysis by the Legislative Reference Bureau

This bill allows a municipality that has issued a cigarette or tobacco products retailer license to suspend, revoke, or refuse to renew the license under certain circumstances, and establishes a procedure for doing so.

Under current law, local municipalities issue licenses to retailers to sell cigarettes or tobacco products. Current law provides that a license is valid for one year unless sooner revoked. Under current law, a retailer's license is terminated upon conviction of its second or subsequent violation of selling cigarettes or tobacco products without a license, if the retailer is found guilty of failing to exercise due care. Current law also provides that a court must suspend a retailer's license if the court finds the retailer guilty of two or more violations of certain restrictions relating to sales to minors within a 12-month period.

This bill allows a municipality to suspend, revoke, or refuse to renew a cigarette and tobacco products retailer license if the retailer does any of the following: 1) violates certain restrictions relating to the sale of cigarettes and tobacco; 2) keeps premises that are disorderly, riotous, indecent, or improper; 3) has failed to maintain the premises according to sanitation standards; 4) has permitted known criminals or prostitutes to loiter on the premises; 5) has been convicted of manufacturing,

distributing, or delivering, or possessing with the intent to manufacture, distribute, or deliver, a controlled substance; or 6) knowingly allows another person on the licensed premises to manufacture, distribute, or deliver, or possess with the intent to manufacture, distribute, or deliver, a controlled substance.

Under the bill, a resident or authorized employee of the municipality that issued the retailer license may file a sworn complaint with the municipal clerk, alleging one of these grounds for suspension, revocation, or nonrenewal. The person holding the retailer license is then entitled to a hearing before the municipal governing body. The municipal governing body must find the allegations of the complaint to be true and find that there are sufficient grounds for suspension, revocation, or nonrenewal before suspending, revoking, or refusing to renew the license. If a retailer's license is revoked following a hearing, the licensee may not obtain another such license for 12 months. The municipal governing body's decision to suspend, revoke, or not renew a license, or its decision not to act, may be reviewed by the circuit court for the county in which the license was issued.

Under current law, it is a defense to any prosecution for selling cigarettes or tobacco products to a minor if the retailer can show that the purchaser falsely represented that he or she was at least 18 years of age, presented an identification card, and appeared to be at least 18, and that the sale was made in good faith. The bill provides that this is also a defense to a complaint, made under the procedures described in this bill, that alleges the retailer sold cigarettes or tobacco products to a minor.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 products retailer licenses.

Analysis by the Legislative Reference Bureau

This bill allows a municipality that has issued a cigarette or tobacco products retailer license to suspend, revoke, or refuse to renew the license under certain circumstances, and establishes a procedure for doing so.

Under current law, local municipalities issue licenses to retailers to sell cigarettes or tobacco products. Current law provides that a license is valid for one year unless sooner revoked. Under current law, a retailer's license is terminated upon conviction of its second or subsequent violation of selling cigarettes or tobacco products without a license, if the retailer is found guilty of failing to exercise due care. Current law also provides that a court must suspend a retailer's license if the court finds the retailer guilty of two or more violations of certain restrictions relating to sales to minors within a 12-month period.

This bill allows a municipality to suspend, revoke, or refuse to renew a cigarette and tobacco products retailer license if the retailer does any of the following: 1) violates certain restrictions relating to the sale of cigarettes and tobacco; 2) keeps premises that are disorderly, riotous, indecent, or improper; 3) has failed to maintain the premises according to sanitation standards; 4) has permitted known criminals or prostitutes to loiter on the premises; 5) has been convicted of manufacturing,

distributing, or delivering, or possessing with the intent to manufacture, distribute, or deliver, a controlled substance; or 6) knowingly allows another person on the licensed premises to manufacture, distribute, or deliver, or possess with the intent to manufacture, distribute, or deliver, a controlled substance.

Under the bill, a resident or authorized employee of the municipality that issued the retailer license may file a sworn complaint with the municipal clerk, alleging one of these grounds for suspension, revocation, or nonrenewal. The person holding the retailer license is then entitled to a hearing before the municipal governing body. The municipal governing body must find the allegations of the complaint to be true and find that there are sufficient grounds for suspension, revocation, or nonrenewal before suspending, revoking, or refusing to renew the license. If a retailer's license is revoked following a hearing, the retailer may not obtain another such license for 12 months. The municipal governing body's decision to suspend, revoke, or not renew a license, or its decision not to act, may be reviewed by the circuit court for the county in which the license was issued.

Under current law, it is a defense to any prosecution for selling cigarettes or tobacco products to a minor if the retailer can show that the purchaser falsely represented that he or she was at least 18 years of age, presented an identification card, and appeared to be at least 18, and that the sale was made in good faith. The bill provides that this is also a defense to a complaint, made under the procedures described in this bill, that alleges the retailer sold cigarettes or tobacco products to a minor.
