Ok great. I think you get what I was I was getting at. I don't want to do what happened in Act 145. I want more money for WTCS.

Matt:

If I increase the appropriation for state aid to technical colleges under s. 20.292 (1) (d) by \$203 million, I don't think that has any impact on the revenue limit, which is calculated based on property tax relief under s. 20.292 (1) (db).

Regarding the following, do you want to eliminate the transfers under the bill, and instead provide additional GPR for the grants? And can you clarify what you mean by proportionately lifting their limits?

AB 740:

- Sub amendment to accept federal MA funds. Remove the matching requirement of transfers or contributions, simply allow GPR for the grants. Provide \$10 M (rather than simply 1 mil) for Wisconsin Grants funds for technical schools. Provide additional \$203 M to the Wisconsin Technical College System (lift their limits proportionately so that they actually receive additional funding, not just a buy down of property taxes).
