Description Modification of a sentence served by an inmate with an extraordinary health condition					

Assumptions Used in Arriving at Fiscal Estimate

The bill requires the Department of Corrections (DOC) to adopt evidence-based criteria for determining when to modify a sentence confining a person who has an extraordinary health condition.

The bill requests that the Legislative Audit Bureau perform a financial and performance audit of modification of sentences by DOC for inmates with extraordinary health conditions. If the Audit Bureau performs the audit, it must file its report by July 1, 2017.

It is difficult to accurately estimate the costs of conducting this audit until planning and scheduling work is completed to determine the scope of the audit.
