Fiscal Estimate Narratives

LRB Number	15-4801/1	Introduction Number	SB-786	Estimate Type	Original
Description Alternative sentencing for certain drunken driving offenses and providing penalties					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, a person who commits a second or higher number of OWI-related offenses is subject to a fine and imprisonment. This bill provides sentencing alternatives for individuals who commit 2nd, 3rd, or 4th OWI-related offenses while operating a motor vehicle.

Prosecutors believe this could have an impact on their workload due to the high rate of recidivism, and the lessening of existing deterrents. Because it is uncertain how many individuals may re-offend, a fiscal estimate is indeterminate.

Long-Range Fiscal Implications

Prosecutors anticipate a long-term increase in their workload, however, due the uncertainty of how many will re-offend, a fiscal estimate is indeterminate.
