

WISCONSIN LEGISLATIVE COUNCIL ACT MEMO

2015 Wisconsin Act 70
[2015 Assembly Bill 74]

**Online Instruction Provided by
Driver Schools**

Schools that provide instruction in driving (“driver schools”) must be licensed by the Department of Transportation and satisfy certain criteria. As part of its application, a driver school must provide specified information regarding the nature and location of instruction to be provided by the school.

2015 Wisconsin Act 70 authorizes licensed driver schools to provide driver training instruction by means of the Internet instead of, or in addition to, classroom instruction. However, a driver school may only provide online instruction if it also provides instruction in a driver school classroom or offers behind-the-wheel instruction in Wisconsin.

Effective date: June 1, 2015

Prepared by: Anna Henning, Senior Staff Attorney

November 19, 2015
