

## WISCONSIN LEGISLATIVE COUNCIL ACT MEMO

**2015 Wisconsin Act 151**  
[2015 Assembly Bill 310]

**Title X Grant Application**

2015 Wisconsin Act 151 requires the Department of Health Services (DHS) to apply to the federal government for Title X family planning grant funds beginning with the 2018 application deadline and before each subsequent application deadline thereafter. If awarded the grant, the Act requires DHS to distribute funds giving first priority to the Wisconsin Well-Woman Program and other public entities, and then to certain nonpublic entities as funding allows. The Act allows public entities that receive Title X family planning grant funds from DHS to provide some or all of the funds to other public or private entities provided that the recipient does not provide abortion services or have an affiliate that provides abortion services.

*Effective date:* February 20, 2016
