

WISCONSIN LEGISLATIVE COUNCIL ACT MEMO

2015 Wisconsin Act 222
[2015 Senate Bill 289]

Back Tag Requirements

The Department of Natural Resources (DNR) sells licenses authorizing the hunting of deer, elk, or bear. 2015 Wisconsin Act 222 removes the requirement that DNR issue a back tag with the sale of licenses to hunt deer, elk, or bear. The Act also deletes the requirement that the licensee attach a back tag to the center of their outermost garment where it can be clearly seen, and eliminates the back tag number reservation system and the associated fee.

Effective date: March 3, 2016

Prepared by: Rachel Letzing, Principal Attorney
