AN ACT to repeal 25.46 (5L) and 287.31; and to amend 287.21 (intro.) of the statutes; relating to: the newspaper recycling fee and the recycled content of newsprint used in newspapers.

Analysis by the Legislative Reference Bureau

Under current law, a newspaper publisher is required to pay a newspaper recycling fee based on the cost of newsprint used to print the newspaper, unless at least 33 percent of the fiber in the newsprint is derived from postconsumer waste. This bill eliminates the newspaper recycling fee and the minimum percentage of postconsumer waste content in newsprint.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
