AN ACT to amend 71.05 (6) (a) 15., 71.08 (1) (intro.) and 71.21 (4) (a); and to create 71.07 (10), 71.10 (4) (gya), 71.26 (1) (i), 73.03 (72), 73.03 (72m) and 238.24 of the statutes; relating to: tax credits and exemptions for businesses that sell noncompeting products in this state.

Analysis by the Legislative Reference Bureau

This bill provides an income and franchise tax exemption to a corporation that establishes its headquarters in this state if the Wisconsin Economic Development Corporation Board determines that the corporation would not sell products that directly compete with products sold by any other business that has its headquarters in this state. The bill also provides an individual income tax credit equal to 7.65 percent of the individual's income derived from sales of products by a partnership, limited liability company, or tax-option corporation that establishes its headquarters in this state if the products sold by the entity do not directly compete with products sold by any other business that has its headquarters in this state. Taxpayers may claim the exemption or credit for 20 taxable years. During that time, the Department of Revenue (DOR) will annually determine the amount of any additional income tax revenue collected from individuals employed by the business and use that revenue to decrease individual income tax rates. With regard to a business that claims the exemption, after the business stops claiming the exemption, DOR will determine the amount of any additional corporate tax revenue collected from the business and use that revenue to decrease corporate tax rates.
Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
