**Analysis by the Legislative Reference Bureau**

Under current law, the veterans and surviving spouses property tax credit may be claimed by certain U.S. armed forces veterans and by the unremarried surviving spouses of certain veterans or members of the national guard or reserves (collectively, “veterans”). To be eligible to claim the credit, the veteran must meet several criteria, including having been a resident of this state at the time of entry into the service or having been a resident of this state for any consecutive five–year period after entry into that service, and having either a service–connected disability rating of at least 100 percent or a 100 percent disability rating based on individual unemployability.

This bill changes the requirement of a consecutive five–year period of residency in this state to any one–year period of residency. This change also applies to eligibility requirements for a claimant who is the eligible unremarried surviving spouse of an eligible veteran.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
