Analysis by the Legislative Reference Bureau

Under current law, the Higher Educational Aids Board (HEAB) administers the Academic Excellence Higher Education Scholarship Program under which HEAB awards scholarships to certain scholars, designated on the basis of grade point average (GPA), who enroll, on a full-time basis, in a public or private institution of higher education in this state. Under the program, an academic
excellence higher education scholarship recipient is exempt from up to $2,250 in tuition and fees for each academic year that the recipient is enrolled full time, maintains at least a 3.000 GPA, and makes satisfactory progress toward an associate or a bachelor’s degree or a vocational diploma.

Currently, the scholarships may be awarded to 1) the senior with the highest GPA from each high school in this state enrolling at least 80 but fewer than 500 pupils; 2) the two seniors with the two highest GPAs from each high school in this state enrolling at least 500 but fewer than 1,000 pupils; 3) the three seniors with the three highest GPAs from each high school in this state enrolling at least 1,000 but fewer than 1,500 pupils; 4) the four seniors with the four highest GPAs from each high school in this state enrolling at least 1,500 but fewer than 2,000 pupils; 5) the five seniors with the five highest GPAs from each high school in this state enrolling at least 2,000 but fewer than 2,500 pupils; and 6) the six seniors with the six highest GPAs from each high school in this state enrolling 2,500 or more pupils. In addition, the scholarships may be awarded to the senior with the highest GPA from the school operated by the Wisconsin Center for the Blind and Visually Impaired (WCBVI) and the school operated by the Wisconsin Educational Services Program for the Deaf and Hard of Hearing (WESPDHH), and not more than ten scholarships statewide may be awarded to seniors with the highest GPAs from high schools enrolling fewer than 80 pupils.

This bill increases the amount of an academic excellence higher education scholarship for a scholarship recipient attending a public institution of higher education to 50 percent of the tuition and fees at that institution and increases the amount of such a scholarship for a scholarship recipient attending a private institution of higher education to 50 percent of the tuition and fees charged a resident undergraduate student at the University of Wisconsin–Madison.

The bill also creates a nonrefundable individual income tax credit for a scholarship recipient who graduates from an institution within the University of Wisconsin System, a technical college district school, or a private institution of higher education with a bachelor’s degree, an associate degree, or vocational diploma and who resides and works in this state.

The amount for which an individual may claim a credit, which is defined as an “eligible amount,” is an amount equal to 50 percent of all tuition and fees charged one full-time student by the institution or school attended by the scholarship recipient for the years in which the scholarship recipient received an academic excellence higher education scholarship or, in the case of a scholarship recipient who attended a private institution of higher education, an amount equal to 50 percent of the tuition and fees charged one full-time resident undergraduate student at the University of Wisconsin–Madison for the years in which the scholarship recipient received an academic excellence higher education scholarship.

The credit may be claimed only for the five taxable years following the claimant’s graduation, and the claimant may claim only one-fifth of the eligible amount each year. To claim the credit, a claimant must be a full-year resident of this state for the year to which the claim relates, and the majority of the wages earned
ASSEMBLY BILL 314

by the claimant in the year to which the claim relates must have been earned in this state.

Because the credit is nonrefundable, no refund is paid if the amount of credit for which a claimant is eligible exceeds his or her tax liability.

In addition, the bill reduces the number of academic excellence higher education scholarships that may be awarded in an academic year to one scholarship for each high school with an enrollment of at least 300 pupils but fewer than 1,500 pupils, to two scholarships for each high school with an enrollment of 1,500 or more pupils, and to not more than 70 scholarships statewide for high schools with enrollments of fewer than 300 pupils. The bill, however, does not affect the scholarships for schools operated by the WCBVI or the WESPDHH.

Finally, the bill requires a pupil to have a GPA of at least 3.500 and a score of at least 30 on the American College Test (commonly referred to as the ACT) in order to qualify for an academic excellence higher education scholarship. The bill, however, does not apply the GPA and ACT score requirements to a pupil of a school operated by the WCBVI or the WESPDHH.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
