AN ACT to amend 40.23 (1) (a) (intro.), 40.23 (1) (am) 2., 40.23 (1) (bm), 40.24 (1) (f), 40.25 (2), 40.63 (4) and 40.63 (7) of the statutes; relating to: increasing the minimum retirement age under the Wisconsin Retirement System.

Analysis by the Legislative Reference Bureau

Currently, under the Wisconsin Retirement System (WRS), a participant may retire as early as age 55 and a protective occupation participant may retire as early as age 50. This bill increases the minimum retirement age by two years, with the result that a WRS participant must be at least age 57 and a WRS protective occupation participant must be at least age 52 in order to qualify for an immediate retirement annuity under the WRS. This change in the minimum retirement age first applies to individuals who are under the age of 40 on the bill's effective date and who terminate WRS-covered employment on the bill's effective date.

Because this bill relates to public employee retirement or pensions, it may be referred to the Joint Survey Committee on Retirement Systems for a report to be printed as an appendix to the bill.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
