- 1 **AN ACT** *to create* 440.26 (3g) of the statutes; **relating to:** continuing education
2 requirements for private detectives and granting rule-making authority.

Analysis by the Legislative Reference Bureau

This bill requires an individual who holds a private detective license issued by the Department of Safety and Professional Services (DPS), at the time that he or she applies for a renewal of his or her license, to submit evidence satisfactory to DPS that he or she has completed at least 7.5 hours of continuing education in each of the one-year periods within the last licensure period in courses that satisfy standards established by DPS by rule, except that the requirement does not apply with respect to an initial renewal of a private detective license. The bill requires DPS to promulgate rules establishing standards for continuing education courses required under the bill, which must require that courses contribute to the applicant's professional competence as a private detective. DPS may identify sponsors of continuing education programs that have the presumption of satisfying those standards, and may conduct audits of licensees for assessing compliance with the continuing education requirements under the bill.
