AN ACT to amend 115.385 (1) (intro.) and 115.415 (1); and to create 115.385 (1m)
of the statutes; relating to: pupil assessments, evaluation of educator
effectiveness, and school accountability reports.

Analysis by the Legislative Reference Bureau

Current law requires the Department of Public Instruction (DPI) to annually
prepare accountability reports that evaluate the performance and improvement of
each school and school district in the state and, beginning in the 2015–16 school year,
of each participating private school and independent charter school. DPI must place
each school and school district into one of five performance categories based on
certain measures including pupil achievement in reading and mathematics.

This bill prohibits DPI from issuing a school accountability report for the
2014–15 school year.

Current law directs DPI to develop a system to evaluate the effectiveness of
teachers and principals in public schools, including independent charter schools.
Current law requires each school board and the governing body of each independent
charter school to evaluate teachers and principals in the school district or charter
school beginning in the 2014–15 school year. This bill delays until the 2015–16 school
year the requirement to evaluate the effectiveness of teachers and principals.
