2015 ASSEMBLY BILL 918

February 15, 2016 – Introduced by Representatives BROSTOFF, CONSIDINE, BERCEAU, GOYKE and BARNES, cosponsored by Senator C. LARSON. Referred to Committee on Education.

AN ACT to repeal 118.44; to amend 20.255 (2) (cu), 118.38 (1) (a) 9., 118.43 (6)
(b) 11., 118.43 (7), 118.60 (2) (a) (intro.) and 119.23 (2) (a) (intro.); to repeal and
recreate 118.43 (9); and to create 118.435, 118.60 (12) and 119.23 (12) of the
statutes; relating to: terminating parental choice programs, repealing the
achievement gap reduction program, expanding the student achievement
guarantee program, granting rule-making authority, and making an
appropriation.

Analysis by the Legislative Reference Bureau
This bill repeals the Achievement Gap Reduction (AGR) program created in 2015 Wisconsin Act 53, reinstates an expanded Student Achievement Guarantee in Education (SAGE) program, and phases out the Milwaukee, Racine, and statewide parental choice programs (together, choice programs).

Both the AGR and SAGE programs are categorical aid programs that provide funding to participating schools for low-income pupils enrolled in participating grades if the participating school complies with a five-year contract entered into between a school board, on behalf of the participating school, and the Department of Public Instruction (DPI). Under the AGR program repealed in this bill, a participating grade is a grade from kindergarten to third grade that is subject to an AGR contract. The expanded SAGE program established under this bill applies to all grades, from four-year-old kindergarten through grade 12.
Under the AGR program repealed in this bill, a school board must implement one or more of the following strategies in each class in each participating grade at each participating school:

1. Reduce the class size to 18 pupils or, if a classroom has at least two regular classroom teachers, to 30 pupils, and provide professional development on small group instruction.
2. Provide instructional coaching for teachers.
3. Provide one-to-one tutoring to pupils who struggle with reading or math.

Under the expanded SAGE program created in this bill, each participating school must reduce the class size of each class in the school to 18 pupils or, if a classroom has at least two regular classroom teachers, to 30 pupils. In addition, the school board must:

(a) Ensure that certain education and human services are available in each participating school.
(b) Ensure that a rigorous curriculum is provided in each participating school.
(c) Provide staff development and require professional staff accountability for staff in each participating school.

Under the AGR program repealed in this bill, DPI must pay to a school board under an AGR contract a per pupil amount determined by dividing the amount appropriated to the AGR program by the total number of pupils enrolled in a participating class. Under the expanded SAGE program created in this bill, DPI must pay $2,250 for each pupil in a participating class. Under the bill, DPI must annually adjust the per pupil payment to reflect the percentage change in the consumer price index, if that change is positive. The repeal of the AGR takes effect immediately; the bill permits school boards to enter into contracts under the expanded SAGE program in the 2016–17 school year.

Also under this bill, beginning in the 2016–17 school year, no private school may participate in a choice program unless the school was participating in the program in the 2015–16 school year. Also under the bill, no pupil may attend a private school under a choice program unless the pupil was attending that private school under the program in the 2015–16 school year.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Section 2. 118.38 (1) (a) 9. of the statutes, as affected by 2015 Wisconsin Act 53, is amended to read:

For the 2016−17 school year and any subsequent school year, the amount determined under s. 118.44 (6) 118.435 multiplied by the number of low-income pupils enrolled in a grade eligible for funding, and in a class in which the class size has been reduced in the manner required under sub. (3) (a), (am), (ar), or (at) or permitted under sub. (3m), in each school in the school district covered by renewals of contracts under sub. (2) (g).

SECTION 6. 118.435 of the statutes is created to read:

(1) LEGISLATIVE FINDINGS. The legislature finds that the voucher program established under ss. 118.60, 2013 stats., and 119.23, 2013 stats., is a failed experiment. The legislature further finds that the student achievement guarantee in education program established under s. 118.43 has had measurable impacts on pupils enrolled in schools that have entered into contracts with the department under that section as compared to pupils who were enrolled in schools not participating in the program established under s. 118.43. These impacts include improved reading academic growth in kindergarten, improved mathematics and reading academic growth from kindergarten through 3rd grade, and a positive effect on students from economically disadvantaged backgrounds completing high school. The legislature finds that the student achievement guarantee in education program should be expanded under this section and that state resources allocated to the voucher program should be redirected to the program under this section.

(2) DEFINITIONS. In this section:

(a) “Class size” means the number of pupils assigned to a regular classroom teacher on the 3rd Friday of September.

(b) “Low-income pupils” means pupils who satisfy the income eligibility criteria under 42 USC 1758 (b) (1).
