AN ACT to amend 299.97 (1); and to create 299.50 of the statutes; relating to:

the manufacture and acceptance for sale of products containing microbeads.

Analysis by the Legislative Reference Bureau

This bill generally prohibits, with certain exceptions, the manufacture of a personal care product containing microbeads (small, non-biodegradable plastic particles) beginning December 31, 2017. “Personal care product” is defined in the bill. The bill also prohibits, with certain exceptions, accepting a personal care product containing microbeads for sale beginning December 31, 2018.

The bill creates different effective dates for these prohibitions for over-the-counter drugs. “Over-the-counter drug” is also defined in the bill. Under this bill, a person may not manufacture a personal care product that is an over-the-counter drug containing microbeads beginning December 31, 2018, and may not accept such a product for sale beginning December 31, 2019. This bill does not apply to the manufacture or sale of prescription drugs.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
