AN ACT to create 943.01 (2k) and 943.143 of the statutes; relating to: trespass and damage to property owned or used by an energy provider and providing a criminal penalty.

Analysis by the Legislative Reference Bureau

This bill increases the criminal penalty for intentionally damaging property from a Class A misdemeanor to a Class H felony if the property damaged is owned, leased, or operated by an energy provider and the actor intended to, or did, cause a substantial interruption of the energy provider’s goods or services.

Under the bill, entering a property that is part of an energy plant or electric generation, distribution, or transmission system or part of a natural gas distribution system without lawful authority or the consent of the energy provider that owns, operates, or leases the property is also a Class H felony.
