AN ACT to create 115.385 (1) (d), 115.385 (1g) (e) and 118.124 of the statutes; relating to: reporting crimes and other incidents that occur on school property, on school transportation, and at school sanctioned events and granting rule-making authority.

Analysis by the Legislative Reference Bureau

Beginning in the 2017−18 school year, this bill requires public high schools and private high schools participating in a parental choice program to collect statistics on specific crimes and safety-related incidents reported to a principal, school security, or local law enforcement that occur on school property, on transportation provided by the school, or at a school sanctioned event. The bill further requires that these statistics be reported to the Department of Public Instruction (DPI) and included on the annual school and school district accountability report. Finally, the bill clarifies that DPI may not consider crimes statistics reported by a school or school district for purposes of determining a school or school district’s performance on the annual school and school district accountability report.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
