AN ACT to amend 20.435 (4) (b), 20.435 (4) (b), 20.435 (4) (bm), 20.435 (4) (L),

20.435 (4) (nn), 20.435 (4) (pa), 49.49 (5), 49.497 (2) (a), 49.793 (2) (a) and 49.847

(3) (a); and to create 49.844 of the statutes; relating to: an optional incentive

program for counties and tribes that identify fraudulent activity in certain

public assistance programs, granting rule-making authority, and making

appropriations.

Analysis by the Legislative Reference Bureau

This bill establishes an optional program that provides incentives in the form of reward payments to counties and tribes for identifying fraud in certain public assistance programs.

Under current law, a county or an elected governing body of a federally recognized American Indian tribe or band (tribe) may retain a portion of incorrect overpayments in public assistance programs administered by the Department of Health Services (DHS), including Medical Assistance (MA) and the supplemental nutrition assistance program (known as FoodShare in Wisconsin), that are recovered as the result of the efforts of an employee or officer of the county or tribe.

Under one provision in current law, a tribe or county other than Milwaukee County may retain the portion of a recovered amount that is specified by rule by DHS. This provision applies to any public assistance program administered by DHS. Under another provision that applies only to MA, a county or tribe may retain 15
SENATE BILL 472

percent of recovered MA funds that were incorrectly provided as a result of fraudulent activity by a recipient or provider. Under another provision that applies only to MA, a tribe or county other than Milwaukee County may retain 15 percent of recovered MA funds that were incorrectly provided as a result of misstatements or omissions of fact or failures to provide information by an applicant or recipient or another person providing information on behalf of an applicant or recipient. Under a provision that applies only to FoodShare, DHS establishes by rule the portion of overpayment recoveries that a tribe or a county other than Milwaukee County may retain. In this latter provision, the bill changes the amount of a FoodShare overpayment recovery that a county or tribe may retain to the full amount of the overpayment recovery that the state is permitted to retain under federal law.

Under the bill, DHS is required to establish an optional incentive program, by rule, under which a county with a population of less than 750,000, which excludes Milwaukee County, or a tribe receives a reward payment if an employee or officer of the county or tribe identifies suspected fraudulent activity in MA or FoodShare and the county or tribe determines the fraudulent activity occurred, establishes a claim for any overpaid benefits related to the fraudulent activity, and, if directed by DHS, criminally prosecutes the fraudulent activity. Under the bill, the amount of the reward payment under the program is 20 percent of the amount that DHS determines will be saved in the program over a 12-month period as the result of eliminating the identified fraudulent activity. The bill also provides that, if a county or tribe chooses to receive a reward payment under the optional incentive program, the county or tribe may not also retain 15 percent or any other portion of recovered MA or FoodShare overpayments that were made as a result of the identified fraudulent activity. The bill does not, however, affect a county or tribe’s eligibility to retain a recovered overpayment that was made as the result of a recipient’s nonfraudulent error.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
