Analysis by the Legislative Reference Bureau

Current law prohibits, with exceptions, a person from smoking in specified enclosed or outdoor locations, including in a “public conveyance,” which is a mass transit vehicle, school bus, or other device by which persons are transported for hire except in interstate commerce. A person who violates this prohibition is subject to a forfeiture of not less than $100 nor more than $250 for each violation.

Also under current law, the Department of Health Services administers a tobacco use control program to award grants for specified purposes, including to reduce tobacco use and promote tobacco use cessation and prevention.

This bill prohibits a person from smoking in a motor vehicle while a child under the age of eight years, weighing not more than 80 pounds, and of a height not more than 57 inches is present in the motor vehicle, regardless of whether the motor vehicle is on a highway. However, the bill does not apply to smoking in a public conveyance. A person who violates this prohibition must forfeit $25 for the first offense and $50 for each subsequent offense and must also pay a surcharge in the same amount. The surcharge proceeds provide additional funding for the tobacco use control program. A law enforcement officer may not stop or inspect a vehicle solely
