2015 SENATE BILL 519

January 7, 2016 – Introduced by Senators GUDEX, OLSEN, RINGHAND and VINEHOUT, cosponsored by Representatives VANDERMEER, PETRYK, KULP, TRANEL, OHNSTAD, EDMING, HORLACHER and E. BROOKS. Referred to Committee on Economic Development and Commerce.

AN ACT to amend 196.504 (2) (a) of the statutes; relating to: funding for broadband expansion grants and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill allows the Public Service Commission to make a total of $6,000,000 in broadband expansion grants in any fiscal year until that total is depleted. Under current law, the PSC makes the grants to eligible applicants for the purpose of constructing broadband infrastructure in underserved areas. Current law provides $6,000,000 in funding for the grants, but prohibits the PSC from making more than $1,500,000 in grants in a fiscal year. This bill eliminates that prohibition and allows the PSC to make the grants in any fiscal year until the $6,000,000 in funding is depleted.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
