3 “d. With regard to any type of construction, building, collocation, or  
4 encroachment permit required by a political subdivision that relates to a small  
5 wireless facility, if the state or a political subdivision fails to approve or deny a permit  
6 application under this section not later than 90 days after its receipt, the applicant  
7 may consider its permit application approved, provided, however, that if applicants  
8 collectively have submitted applications for 100 or more small wireless facilities that  
9 are pending review by the political subdivision at any one time, the political  
10 subdivision may take not more than 120 days to review newly submitted applications  
11 which are in excess of the 100 or more small wireless facilities under review at the

1 time of submission, and the political subdivision shall notify the applicant of the  
2 extended review period at the time of submission.”.

3 **2.** Page 20, line 7: delete lines 7 to 9 and substitute “than 30 days beginning  
4 after the approval of the application. At the time of acceptance of the good faith  
5 estimate by the applicant, the applicant shall provide the state or political  
6 subdivision with a date for the installation of the small wireless facility, which shall  
7 be no sooner than 120 days after the date of acceptance of the good faith estimate.  
8 Make-ready work, including any pole replacement, must be completed on or before  
9 the installation date provided by the applicant. If the applicant fails to install its  
10 equipment on the installation date in conjunction with the make-ready work, the  
11 applicant shall pay the state or political subdivision for its actual and direct costs  
12 associated with any work required to be conducted by the state or political  
13 subdivision after the installation date provided by the applicant.”.
