material misstatements on applications for certain credentials and providing a criminal penalty					

Assumptions Used in Arriving at Fiscal Estimate

This bill makes intentionally providing false information on an application for a credential issued by Department of Safety and Professional Services a Class A Misdemeanor.

The District Attorneys did not believe this change would create a significant increase in workload for current staff. Further, the number of violations that would be referred for criminal prosecution is unknown. Therefore, the fiscal effect is indeterminate.

Long-Range Fiscal Implications

For the reasons cited above, a long-term fiscal impact is indeterminate.
