PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

Gen

1 AN ACT ...; **relating to:** requiring the Department of Agriculture, Trade and
2 Consumer Protection to create an office of urban agriculture.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Agriculture, Trade and Consumer Protection to create an office of urban agriculture, located in an urban environment, to promote urban agriculture and assist urban farmers and small businesses involved with urban agriculture.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 93.425 of the statutes is created to read:
4 **93.425 Office of Urban Agriculture.** The department shall establish and
5 operate an office of urban agriculture. The office shall be located in an urban
6 environment and shall promote and support urban agriculture by doing all of the
7 following:

1 (1) Integrating urban farmers into the field of agriculture and supporting
2 urban farmers currently working in the field of agriculture, and identifying persons
3 who wish to be involved in urban agriculture and related businesses.

4 (2) Providing technical assistance to urban farmers and small businesses
5 involved with urban agriculture.

6 (3) Providing employment, mentorship, and outreach opportunities.

7 (4) Facilitating education opportunities, including through the University of
8 Wisconsin System, the technical college system, and schools of agriculture.

9 (5) Coordinating information and resources with the department.

10 (6) Cooperating and facilitating relationships with local, state, regional, and
11 federal agencies and organizations.

12 (7) Creating an Internet site relating to urban agriculture.

****NOTE: Would you prefer to create this office more formally in chapter 15? If so, do you want the office to be created within the department, or attached to the department for limited purposes? An office created within the department would perform its functions under the direction of the head of the department. See s. 15.194 (1) (and the related s. 51.025) for an example of this type of body. An office attached to the department for limited purposes would perform its functions (other than budgeting, program coordination, and related management functions) independently of the department. See s. 15.185 (7) (a) for an example of this type of body. If you would like the office to be formally created in the statutes you should also consider how you would like the office director to be appointed, how the salary for that position would be set (for example, compare ss. 20.923 (4) (c) 3. and 20.923 (6)), and whether positions in the office would be classified or unclassified.

****NOTE: Please let me know if you would like this draft to include an appropriation for the costs of the office and, if so, how you would like to fund the office's operations.

Mary-

I hope this message finds you well.

We are ready to have the following bills turned into /1's and jacketed – LRB 2420, 2421, 2422, 4312.

We also give you permission to draft Senate companions with Sen. Johnson's office. We plan to circulate these bills Monday morning.

All the best and thank you!
