Hi Tami,

We would like to re-draft 2015 Assembly Bill 932, the 12-month birth control bill, for the 2017-18 legislative session.

Sen. Johnson will be the Senate author of this bill, so if you could draft a Senate version as well, I would appreciate it. I have copied Christian Ullsvik from her office. Please let me know if you have any questions, and thanks for your help!

Thanks,

Annika

Gen

1 AN ACT to create 632.895 (17) (b) 3. of the statutes; relating to: requiring
2 coverage of dispensing of an extended supply of contraceptives. ✓

Analysis by the Legislative Reference Bureau

This bill requires certain disability insurance policies, also known as health insurance policies, and self-insured governmental and school district health plans to cover a dispensing of contraceptives that is intended to last for three months for the first dispensing and a dispensing of contraceptives that is intended to last for 12 months for subsequent dispensings of that contraceptive. Contraceptives are drugs or devices approved by the federal Food and Drug Administration to prevent pregnancy. Under current law, those policies and plans must cover the cost of contraceptives prescribed by a health care provider and of services that are necessary to prescribe, administer, maintain, or remove the contraceptive. The coverage requirement under the bill does not apply to a dispensing of a contraceptive that expires or becomes ineffective in less than 12 months.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 632.895 (17) (b) 3. of the statutes is created to read:
4 632.895 (17) (b) 3. A dispensing of contraceptives under subd. 1. that is
5 intended to last for a 3-month period for the first dispensing of the contraceptive to

ASSEMBLY BILL 932**SECTION 1**

1 an insured and a dispensing of contraceptives that is intended to last for a 12-month
2 period for subsequent dispensings of the same contraceptive to the insured,
3 regardless of whether the insured was insured under that policy or plan at the time
4 of the first dispensing. This subdivision does not apply to a dispensing of a
5 contraceptive that expires or becomes ineffective in less than 12 months from the
6 date of dispensing.
