When you mentioned wanting to include private colleges for purposes of dual enrollment courses, do you want to limit that category of a "private, nonprofit postsecondary institution that is a member of the Wisconsin Association of Independent Colleges and Universities"? This category of private postsecondary school is used in the definition of faculty who are permitted to teach in a public high school without a DPI license and in AB805, which excludes certain dual enrollment courses from the Early College Credit Program. Alternatively, is it your intent to include for profit colleges in the definition of "dual enrollment program" in the substitute amendment?

Feel free to call with any questions.

Aids Board

Analysis by the Legislative Reference Bureau

This bill requires the Office of Educational Opportunity in the University of Wisconsin System to award grants to school districts, independent charter schools, and private schools participating in a parental choice program to support dual enrollment programs taught in high schools. The bill defines "dual enrollment programs" as programs or courses of study designed to provide high school students with the opportunity to gain credits in both high school and a UW System school, or technical college. Under the bill, grants are awarded to assist high school teachers in meeting the minimal qualifications necessary to teach dual enrollment courses. No grants may be awarded after June 30, 2022. 2021

Substitute amendment

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
