Subject: RE: Drafting assignments for the amendments

Thanks for all the hard work so far guys. I have 2 additions to make and one small change. I'll try and match them up with the assigned groups, but I included everyone in case I get the subject area wrong.

Additions:

- 1) An amendment that would add \$20 mil. into the next budget for the DWD Fastforward program for worker training specifically targeting training for high tech manufacturing jobs. (Was this Michael Duchek??)
- 2) An amendment that would add another position to DOA (in addition to the position added in the bill) that would be focused on outreach to local economic development groups/boards. This position would not be as "high up" the salary range as the one in the bill. I don't really know the levels that well, but let's say somewhere in the 60-85k dollar range. (Michael Gallagher??)

Change:

- 1) On the Transportation Bonding Amendment: take out the dollar-for-dollar match language, so it goes back to its original "any federal match" concept. But give JFC oversight of the whole \$250k in bonding. (Zachary Wyatt??)

Please call/email with any questions.

Subject: Drafting assignments for the amendments

Hi Steve and Zach:

Here are the drafting assignments spelled out, based on the various documents we reviewed. Please let me know if you have any questions.

We will produce one technical amendment which will include all the items from the documents called "Amendments in Drafting" and "Technical Amendments from Assembly/Leg. Council." The LRB # is a0891

With regard to the first document, here are the assignments, based on the numbering in that document:

- 1) Bond counsel's concerns, moral obligation pledge, Mike.
- 2) 12% TIF cap language, Marc.
- 3) Econ. development liaison, Mike.
- 4) PSC clarification, Mark
- 5) Tier ½ issue, Mike
- 6) Wages "paid by the claimant", Joe and Mike
- 7) Clawback provisions, Mike
- 8) Clarification of 15% of capital expenditures language, Mike and Joe

With regard to the Leg. Council document, here are the assignments, based on the numbering in that document:

- 1) Same as DOA #8; no drafting for this item
- 2) Ch. 30 exemptions, Zack
- 3) Clarification of grants, Mike
- 4) Hold for now; no drafting
- 5) WEDC to verify credit eligibility, instead of electric utility, Mark
- 6) DOA to determine if an expenditure outside a TID "benefits the district", Marc
- 7) Same as DOA #6, no drafting for this item

Local concerns: These will be individual amendments.

- 1) State tax exemption for local government obligations, Joe
 - 2) County may issue sales tax revenue bonds, Marc
 - 3) Tax increments may be distributed to a county to pay county debt service, Marc
 - 4) Water and sewer extension financing. This will be Marc, but there aren't really drafting instructions, just a comment stating that "This framework would benefit from reconsideration and expansion."
- e) Additional project costs, Marc
f) Expenditure period extended until end of TID's life, Marc

Additional items that were discussed; I think the attorneys will decide whether any of these should be combined:

- 1) Wetlands, Zack
- 2) DNR oversight issues, Zack
- 3) Transportation bonding, Zack
- 4) Annual cap on expenditures, Mike
- 5) 5 year project position for liaison, Mike
- 6) Tighten up cap expenditures, Mike

We will let you know if we have any questions.

Thanks,

Marc
