Description sales by the state or a political subdivision to employees					

Assumptions Used in Arriving at Fiscal Estimate

This bill creates exceptions to the general prohibition that the state or a political subdivision may not sell any item to an employee of the state or political subdivision. The exceptions include:

- the sale of a surplus or discarded item that is no longer needed if the item is available for sale to the public using a publicly available method; and
- the sale of an item that is regularly available from the governmental entity for sale to the public at the same cost.

The bill provides political subdivisions with authority to enact an ordinance that prohibits a sale that is otherwise permitted under the newly created exceptions.

The proposal has no effect on DOR operations or administrative expenses. The bill's impact on local governments is indeterminate and expected to be minimal.
