Description sales by the state or a political subdivision to employees					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, the State is prohibited from selling an item to an employee of the State or a political subdivision. As prescribed in ch. 16.72 (4)(b), Wis. Stats., DOA is required to promulgate rules regarding the disposal of supplies, materials, and equipment. Those provisions are specified in ch. Adm 11, Wis. Adm. Code.

The bill would provide an exemption to the prohibition of the sale of an item to an employee, but would not modify current administrative rules that state agencies conform to regarding the disposal of supplies, materials, and equipment. The bill would have no State fiscal effect.
