2 a veteran farmer assistance and outreach program and creating a veteran
3 farmer logotype.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Agriculture, Trade and Consumer Protection to create, in consultation with the Department of Veterans Affairs, the Department of Military Affairs, and the federal Department of Agriculture, a program that will integrate veterans into the field of agriculture and support veterans currently working in agriculture. The bill provides that immediate family members of a veteran who died in service, who is missing in action, or who died as a result of a service-connected disability are eligible to participate in the program. The bill also requires DVA, in consultation with DATCP, to create a logotype to identify agricultural products produced by farmers who are certified by DVA as being veterans or who are certified as being immediate family members of veterans who died during service, are missing in action, or died as a result of a service-connected disability.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
