Subject: RE: Amendment to AB 314

Sounds good. We'll go with Larry's recommendation on language. Zach, can you get it drafted today? (One of our offices needs to get it to Kleefisch before 10am on Monday).

Erin - if you want to introduce it that's fine with us. Just let me know so I know whether I need to watch for it!

Thanks,
Cory

Yep, works for us. We're fine with whatever language everyone else is on board with.

Tim,
We'll defer to Larry, but Jeff's initial thought of your edits (while simple) could leave some gray areas which he and Larry had discussed and were trying to avoid. Whatever language gets the job done, we're okay with.

FYI – Kleefisch noticed this for an exec. on Tuesday at 10am. I sent Katie an email telling her we're all working on an amendment to the bill. So we'll have to turn this around quickly (sorry Zach).

I won't be in the office tomorrow (attending my kids last day of school programs), but I'll check my email repeatedly so I'm not slowing anything down. My cell number is 608-206-0610 too just in case.

Thanks,

Cory

Would the attached get to where you want to be?

Subject: RE: Amendment to AB 314

Jeff and Cory,

As we discussed, if you would like to amend AB 314 to allow the use of a mechanized lift system attached to a stationary motor vehicle as a hunting platform, while leaving it up to the hunter or mentor to decide what types of mechanized lifts are appropriate and safe, you could amend the bill as follows:

In proposed s. 167.31 (4) (j), provide that "Subsection (2) (b) and (c) does not apply to a person legally hunting from a stationary vehicle if the person is hunting from a part of the vehicle or from a piece of equipment attached to the motor vehicle that is raised by mechanical means at least 5 feet above the ground or at least 5 feet above the lowered resting position of the part of the motor vehicle or piece of equipment attached to the motor vehicle, whichever is higher."

Thanks,
Larry

Subject: Amendment to AB 314

Larry,
Jeff is interested in drafting an amendment for AB 314 (mechanical lift). The authors are open to the idea, but we'd like your assistance on the best way to draft it. I'm copying Spiros and Petrowski's staff on this as well.

I think Jeff's concern is the page 2, line 5 "The stabilizers are deployed and in full contact with the ground". He feels there are similar lifts that a person might use that aren't manufactured (because it isn't necessary) with stabilizers.

What do you think would be the best way to move forward?

Thanks,
Cory

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION
ASSEMBLY SUBSTITUTE AMENDMENT ,
TO ASSEMBLY BILL 314

SA ✓
XRES ✓

GRM ✓

1 AN ACT ...; relating to: authorizing hunting from a mechanized lift attached to
2 a motor vehicle.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 167.31 (4) (j) of the statutes is created to read:

4 ~~X~~167.31 (4) (j) Subsection (2) (b) and (c) does not apply to a person legally hunting
5 from a stationary motor vehicle if the person is hunting from a part of the vehicle or
6 a piece of equipment attached to the vehicle that is raised by mechanical means not
7 fewer less than 5 feet above the ground or above the lowered resting position of the part or piece
8 of equipment, whichever is higher.

9 SECTION 2. Initial applicability.
